Texas History Capitalized In Architecture Of New Y. M. C. A. Building

ARTIST TALENT SEEN IN ENTIRE PLANT DESIGN

Fred C. Stone Is Architect For Garth And Main Structures

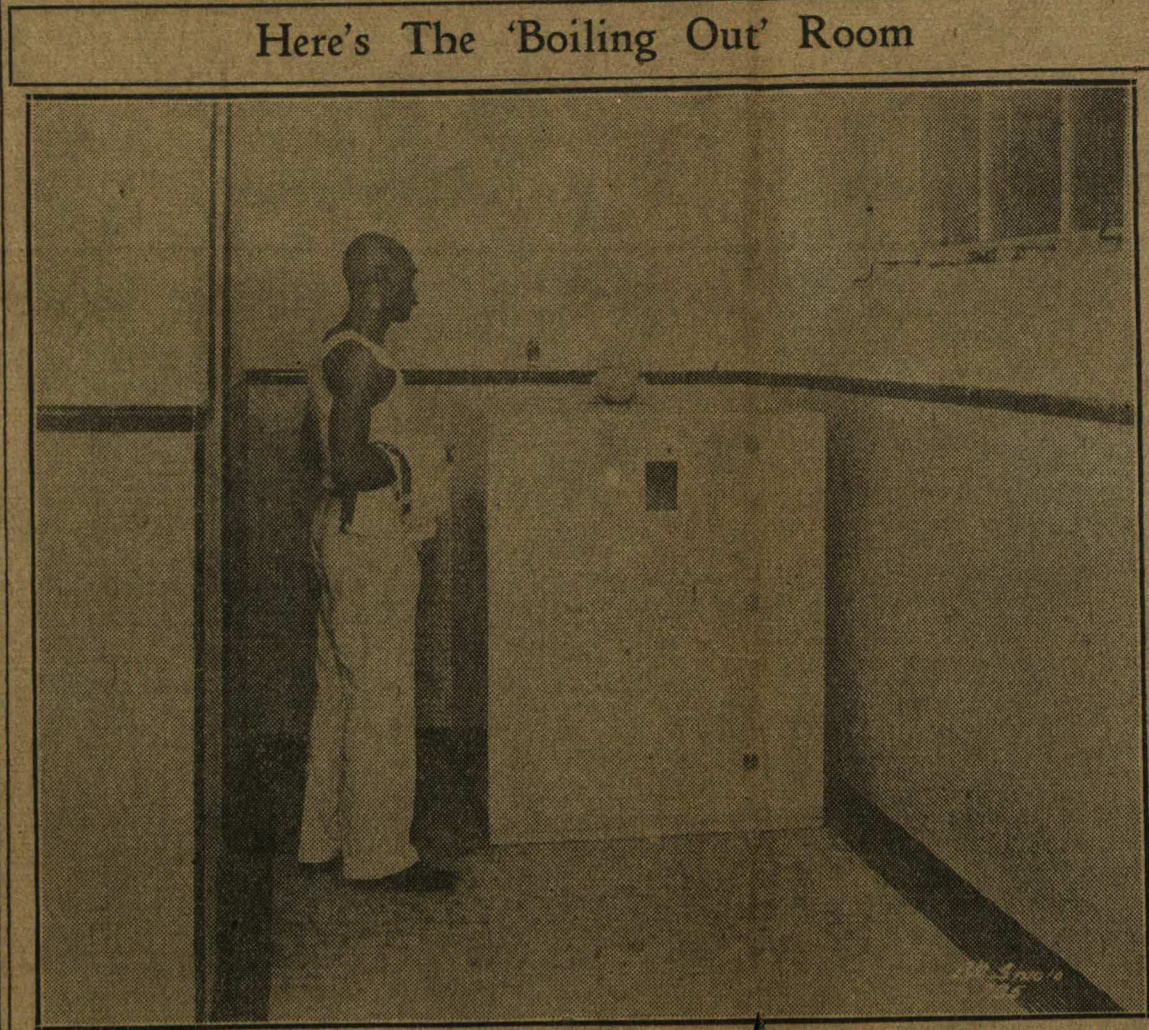

Overtible gallery of applied art adapted to southeast Texas climate with the early Spanish influence in Texas history capitalized is the new Young Men's Christian association which is to open in Beaumont with special events beginning Monday afternoon at 5 o'clock, at which time the first official inspection will be made.

Designed in every point, each of which was guided by purpose and governed by artistic delineation, architecture of the entire plant is

the work of Fred C. Stone of the local firm, Tisdale, Stone and Pinson, coming as the culmination of dreams conceived years ago by groups of Beaumont men with the interest of youth and future citizenship at heart.

GRACEFUL STRUCTURE
Exterior and interior vieing for first honors in skillful treatment, the dual function of the main building in providing for both boys and men is clearly revealed in the two principal masses of the structure which pile gracefully together in forming entrances to both divisions. The multi-colored tile roofs ramble at different heights, almost tiering in uneven stations, towering over scores of useful rooms and passageways, and sharing in the general droop which provides the open pat in central location.

One of the features of the mammoth construction is the Garth-Friendship club building, funds for which were donated by Dr. J. W. Garth after work on the main building had begun, although hint of this addition is never disclosed in the contour and space of the huge club room which flows into the main structure linking on to

program which will be carried out by the association in the future. Henry Hargrove, negro attendant, for the past 25 years masseur at

the Bowie Clinic Sanatorium at Marlin, Texas, will be the attendant.

administrative offices and athletic rooms in a manner which commands the admiration of all. Two entrances to the main building have been treated with the same amount of importance dividing the attention given to the boys' and men's divisions.

BLAZE OF COLOR
As one enters the main corridor which gives off the stone steps of the front and crosses the doorway, he is almost overwhelmed with the rush of colors brought out in ceramic mosaic tiles of reds, blues, greens, yellows which make up the wainscoting, and are carried out even to the stairway at the end of the passage, the heavy metal pendant chandeliers, the peckywood cypress gridded doors and the heavy rich atmosphere that is essentially Spanish.

Once past this bewitching sensation, the full beauty of restive blending harmony comes slowly revealing the hand of a true artist as the well attuned lounges, corridors, gaming rooms and others unfold themselves as if on parade. Even the offices fitting snugly into the corners so as to give maximum space for that work which is the purpose of the association come as an inspiration of beauty rather than a business division, although each is equipped with those things which are acknowledged to be necessary in carrying out a large program as is seen here.

The men's social room is placed immediately at the right and the same artistic tile floors carry over from the entrance lobby. Walls are covered with cratex over which a warm soft glaze is rubbed to give mellowness of tones. Wrought iron

lighting fixtures in keeping with the style of architecture throw the light upon the beams of cypress that have also the appearance of age producing an old ruggedness that few new buildings are able to offer.

SOCIAL ROOM
A fireplace of unusual material provides a background for this room which is planned as a lounge social room with book niches reaching to the ceiling and furnished with carried out in the same ceramic Great overstuffed divans, red chairs, tables of rich woods, and soft lamps.

Equally as impressive and even more livable, if possible, is the boys social and game room, more simple yet with a share of attractive decoration. A rectangular length is an alcove treated in pecky cypress of natural color, and holding bratticed by windows which give light for a delightful game of checkers, a good book or whatnot.

At the other end on stone slightly elevated, the huge fireplace occupies the central place with bookshelves lining the walls nearby, furniture placed so as to indicate that stories told to a group of gathered around the fire on a winter's evening will be largely in order.

Over the fireplace a covered wall on moulded out of terra cotta recalls the courageous and dauntless pioneer wagon train that slowly rolled over the hills, across rivers and through forests, from the east to the west, more than a century of interest in the history of the building in its Spanish design carried to modernity in moderation is a monument.

GAME ROOM
Probably more singular and individual than any other in the house, because it has not been made trite by use in any of the game room where chess, checkers and dominoes and the like that catch the interest of the may be played.

First, the visitor will note King Cole and his merry men a plaque of art design in a only faintly colored. The king high on his mighty throne. On steps at his feet is the court with bells on his cap and feet. On two smaller plaques are three. The old king is unusual is laughing, his great sides seem to shake in hearty merriment as he holds them with his pudgy hands. Many will like these plaques.

The stairway leads up from the main corridor of the men's division to the second floor where a place has been provided for banquets, lectures, classes and motion pictures, a waiting and rest room for women, all of which is far removed from the dormitories which begin on the second floor.

NO BASEMENT
No basement is provided except at the rear where excavation has been made to allow for boilers, pumps, motors, filters, water purifiers and ventilating machinery.

Although easily accessible, the locker, swimming, gymnasium, drying and men's health club rooms are entirely hidden from view to the visitor by the stairway which protects the swinging door entrance to these divisions.

The basket room where gymnasium suits are kept and where keys to lockers may be obtained, is located between the men's and boys' lockers and dressing rooms so that one attendant may serve both sides.

Both sides have dressing, drying and locker rooms with the latter leading to natatorium and stairway to gymnasium on third floor. Adjoining the locker rooms are the business men's sections which are equipped with sunlight ray and steam baths, electrically controlled shower, and tables for wet and dry massages.

Emerald waters lie in the white marble natatorium at the rear of these rooms which are floored with non-slip tiles with mat-glazed tile walls predominately in shades of buff to balance a pale green ceiling. Swimming will be possible in this pool both summer and winter. It is 29 feet wide and 60 feet long and standard by intercollegiate rulings.

TWO GYMS
Above the natatorium are the two gymnasiums, one 46 by 75 feet and

HEALTH CLUB NEW FEATURE

Y. M. C. A. Inaugurates Novel Health And Reducing Systems

A novel feature of the Y. M. C. A. program to be inaugurated in the new building next week will be the Business Men's Health club equipped for individual health service which Beaumont men are urged to investigate and join.

ATTENDANT FROM MARLIN
Henry Hargrove, negro attendant at the Bowie Clinic Sanatorium at Marlin, Texas, for the past 25 years has been secured for masseur and is considered a "find" by the many Beaumont men who go to Marlin for the baths which the Y. M. C. A. is now equipped to give.

Since the announcement that Hargrove would attend the men of this club, numbers of calls have been received by Y. M. C. A. officials asking whether it is the same attendant of the Marlin sanatorium.

The specially equipped rooms include steam bath cabinets, massage table, vibrating machines, electrically controlled showers in a private room furnished with marble slabs providing for wet massages and sunlight cabinets.

The negro masseur is familiar with all of the machines and is considered by Dr. H. C. Glass of the Bowie Clinic as good if not better masseur than any he has ever seen in sanatoriums. He also recommends this bath service for general cleansing of system and other healthful aids.

SERVICE PRAISED

In a letter received from Steve W. Pipkin of this city, the latter stated that he had taken these baths for the past 25 years and that Henry was his choice of the men at the clinic. He also stated that he is exceedingly glad to know that the Y. M. C. A. is equipped for this service and that so competent and courteous an attendant will be at the service of the members.

Booth Portrait Is Found By Kentuckian

WALTON, Ky.—(AP)—After two years of search C. Spenser Chambers of Walton, has found an oil painting of John Wilkes Booth, Abraham Lincoln's assassin, believed to be the only one in existence. The canvas which he purchased 8 by 8 1/2 inches, and was painted by John Aubrey, Cincinnati artist. Painted shortly after Booth appeared in the old National theater in Cincinnati, in 1863, the picture shows the famous actor wearing a small top hat. Sold by Aubrey to Frank A. Walz, a saloon-keeper, the picture remained in obscurity for many years before Chambers found it.

Scientists Find New Species Of Crocodile

CHICAGO.—(AP)—Quite by accident, Karl P. Schmidt of the Field Museum discovered a new species of crocodile two years ago while examining some decorated skulls used as fetiches by natives of New Guinea.

Recently, however, at the head of an expedition into the jungles of New Guinea, Schmidt has verified his discovery by capturing one of the crocodiles, but first complete specimen.

The largest spiders in the world their web is so strong that they are found in New Guinea, and are used as fishing nets.

One youthful taxidermist showed a creditable collection of skins, stuffed birds and antlers. Airplanes were another's hobby, miniature seoters and fliers gracing his collection. Butterflies, etchings and world souvenirs found places in the show.

Christmas posters and hand-painted signs announcing various activities of the Girls' Reserve were exhibited in the poster display.

How does a boy employ his leisure hours?

A concrete demonstration of the pursuits of more than 50 Fort Worth youths during their spare moments was to be found Wednesday in the collection of entries in the annual hobby show at the Young Men's Christian Association. Whether the boy's natural bent was for the hoarding of relics, such as arrowheads and knives, or whether he was inclined toward the more intricate crafts such as leather and metal working, there was a place for his entry in the many classifications of exhibits in the show.

The collection, which was being arranged during the morning for inspection by the judges later in the day, ran the gamut from stamp and coin collections to fine-lined mechanical drawings, models neatly shaped from clay and soap and perfectly proportioned miniature airplanes.

The entries were placed in the following classifications: Bird houses; nature collections consisting of rocks, butterflies, pressed flowers, leaves and seeds; coin and stamp collections; miscellaneous collections, such as buttons, cartoons, marbles, postcards, cigar coupons, ribbons and gum wrappers; relics, including arrowheads, guns, swords and knives; handcraft, including all construction with wood except bird houses, and exhibits of leather and metal work; art, including drawings, maps, paintings, models in clay, soap or wood, basketry, commercial art and mechanical drawing; photography in two classes, including pictures taken and developed by the exhibitor and pictures taken by another person, and model airplanes.

The exhibits were to be open to the public from 1 to 4 o'clock. The show was to take place from 1 to 3 p.m. after which an exhibition of roping and pyramiding was scheduled at the gymnasium of the Y. M. C. A.

The entertainment included numerous clown antics, gymnastic feats, tumbling, a wrestling bout, tap dancing, relay races and special music. Musical accompaniment for all the events was furnished by the Flying Cloud Orchestra.

E. O. Gillam was ringmaster for the occasion. Glenn Wilcox, well-known Fort Worth amateur clown, led a troupe of clowns in stunts that turned over tickle boxes. The troupe included Robert Wilson, Noel Roberts, Ed Compton, Roland Balch and Pete Bennett.

Joseph Greenberg sang a solo. Noel Roberts furnished a solo tap dance and Robert Luton and Roy Browning did a tap dance together. Benny Bolt and C. E. Cranford staged a wrestling bout.

Y.M.C.A. ENJOYS SPLENDID YEAR, FINANCES ARE IMPROVED

The Young Men's Christian Association on Dec. 31 closed one of the most successful years in its history, Ralph E. Squires, general secretary, said Wednesday. The dormitory fund this year exceeded last year's by more than \$3,000 and the annual financial campaign netted \$20,000.

Final count of members obtained in the drive of May 23-27 showed that 325 men had been enrolled by the 78 campaign workers according to Squires' review.

Eighty-three dinners and banquets were served in the auditorium to new members, Hi-Y clubs, board of directors meetings, dormitory men and organized groups. The association held a New Year's reception at the building, Fifth and Lamar Streets. National Music Week, National Boys' Week and the State Christian Endeavor Convention drew 600 visitors to the city.

Religious Retreat Held.

The Fort Worth and Dallas associations held a joint religious retreat at Waxahachie in September. Bible classes have been maintained for both men and boys, 12 Sunday men's meetings having been held in the Spring. Harry E. Dodge, Massachusetts, probably the outstanding religious worker to visit the association during the year, spent a week in Fort Worth under auspices of the association, addressing during that time more than 20,000 people, it was estimated.

The "Y" was represented in the Summer school by L. L. Osborn, boys' work secretary; Guy Walters, J. C. Roberts, athletic director, Roy Benson and Squires. Several of the executives are carrying subjects at Texas Christian University this Winter. The Sunday School Athletic League, Boy Scout functioning in the Y. M. C. A. and Red Cross life saving activities have been well represented, the annual association report disclosed.

Boys' Camps Held.

"The Arab Club, an organization of boys working for the railroads of the city, met regularly during the year and sent one of the representatives to Jacksonville, Fla., to the national gathering of that body," Squires said. "Eighty boys are listed on the club roll. The newsboys, Western Union and Postal Telegraph boys and other working boys are organized within the association.

"Three boys' camps were held in 1927, 91 boys enrolling in the three. They were held over a period of 10 days each at Weatherford. The Father and Son Week last year was more widely observed than ever before. Sixty-six organizations participated in the program, including churches, Parent-Teacher clubs, civic organizations and other groups."

R. B. Stellwagon, religious director, and O. W. Peterson, athletic director, left the city during the year, as did several other minor officials of the association. Training in guidance, Bible, psychology and business is being given a large number of young men by business and professional men every week.

"Know the City" Trips.

Eleven "Know the City" trips were taken by 400 or more members of the boys' department during the year. More trips are planned for 1928. Open house is held every Friday evening in this department of the association, several new members being taken in at each session. Movies, swimming and gymnasium contests and entertainments are held on each occasion.

In the athletic division of the "Y," the year proved highly successful, the secretary said. Fort Worth association was runnerup in the State Y. M. C. A. basket ball tournament; the volley ball team traveled 1,485 miles; 42 were entered in the state tennis finals, losing to Dallas. William Jarvis, Y. M. C. A. aquatic star, established a 100-yard back stroke record during the year. Physical examinations were given free of charge to 360 young men.

Carter also gave credit to his son, who is chairman of the board of the Carter Foundation, for originally suggesting that the foundation build the camp.

Mrs. Carl Deakins, secretary of the foundation, was credited by Carter with doing much of the work in connection with the \$300,000 camp.

Carter had a special word of thanks for all those who helped move the 11½-ton native moss sandstone rock, on which the plaque is mounted, here from Mineral Wells.

The rock, so heavy that it broke down heavy trucking equipment, came from the I. C. Taylor farm near Mineral Wells.

It was moved here and placed on the camp grounds directly in front of the Centennial Pavilion.

"You've heard of the Rock of Gibraltar," Carter said, "Well, I imagine those who moved this here thought it was the Rock of Gibraltar, or its twin."

At the conclusion of the ceremony Carter and his son were each presented with a paper weight cast in bronze and bearing the YMCA insignia and the W. Rogers equestrian.

OLDER BOYS CONFERENCE DECEMBER 6, 7 AND 8

NOTED SPEAKERS TO ADDRESS BOYS

Dr. Gossard of Nebraska; Claude Nelson, Rhodes Scholar; Dr. Humphrey Lee, Noted Educator; Dr. Horn, President of Texas Tech, and Others, to Discuss Boy Problems.

The Older Boys' Conference is indeed fortunate in securing an array of speakers of national reputation to deliver the principal addresses and lead in the discussion of their various problems.

Conference President

R. C. NEELY

At the Older Boys' Conference held in Childress last year, R. C. Neely, Jr., of Amarillo High School, was elected president of the 1929 Conference, which will convene in Amarillo, December 6, 7 and 8.

Dr. H. C. Gossard, dean of Nebraska Wesleyan College, Lincoln, Nebraska, a Ph.D. from Johns Hopkins University, will be our leading speaker. He is recognized as a great scientist, and a great religious worker. He has conducted two pilgrimages to Europe, and has worked with young men in at least half of the states in this nation for several years.

Claud Nelson, an Arkansas man, is also a speaker at the Conference. After three years of study as a Rhodes scholar representing Arkansas at Oxford University, and after three years of academy and college teaching in the South, he entered the service of the Y. M. C. A. for prisoners of war, a service which took him to Russia, to war prisoners in this country and, after the Armistice, to Germany. A little later, he spent six years in student and city associations in Switzerland and Italy.

Another outstanding speaker who will be with us each day is Dr. Humphrey Lee, pastor of the Highland Park Methodist church, Dallas, Texas. He came to Texas when a boy, and received his education at Daniel Baker College, Brownwood, Texas, and Trinity University in Waxahatchie. He received a B.A. degree from Trinity in 1914, and an honorary doctor's degree from the same institution in 1928.

Dr. P. W. Horn, president of the Texas Technological College, Lubbock, who is a member of the State Y. M. C. A. Committee, and a great platform speaker, will deliver an address. Dr. Horn was formerly state superintendent of Texas schools, superintendent of Houston schools, and is a man of national renown in educational circles.

Others who will assist with the groups are: Guy A. Corlander, architect; Dr. S. P. Vineyard, physician; Jno. E. Hill, business executive; C. S. Lambie, contractor; E. O. Thompson, mayor of Amarillo, who will give the welcoming address. Mr. Thompson is a well known capitalist and philanthropist, and a great educator. He is one of the leading citizens of the Panhandle. Mr. Alva Wilgus, Fort Worth, nationally known by reason of his radio programs, will serve as song leader. He will be assisted by H. A. Shaw of the Christian church of Amarillo. Supt. W. A. McIntosh of Amarillo promises the greatest entertainment Saturday afternoon, that a Conference has ever had. Jesse A. Rogers of the Plains Chevrolet Company, Amarillo, is securing 100 splendid automobiles for our use on Saturday afternoon. C. G. Ordway, president of the school board of Amarillo, promises a great banquet Saturday night. Oscar Wise of Amarillo, with his 70-piece band, will furnish music for the banquet, Saturday night.

Management of the conference, in addition to these officers, will be in the hands of Amarillo business men who will have charge of housing, reception and various other committees. The chairmen of Amarillo committees are: Allen Early, Fred E. Young, E. H. Quattlebaum, W. A. McIntosh, Oscar Wise, A. E. Meyer, H. W. Galbraith, Jesse A. Rodgers, H. G. Wilson, H. A. Shaw, Lauchlin McNeill, C. G. Ordway, and Rev. R. Thomsen.

Groups for discussion of various topics of interest to Hi-Y boys will meet during the conference under the leadership of Hi-Y leaders and sponsors. Leaders of these discussion groups include: T. H. Richardson, C. G. Fairchild, W. C. Davis, R. B. Norman, Euline Shaw, Gerald Miller, T. L. Hawkins, Lester C. Linn, Bill Morrison, W. C. Holly, C. D. Nelson, Grover C. Good, I. E. Jolly, C. H. Connell, Houston Crump, Rouse Howell, G. M. Rogers, H. G. Wilson, R. D. Emrick, W. E. Chalmers, L. H. Rhodes, Sam Lifesta, W. C. Wein, George Gentry, N. T. Lee, Urban Williams, Pat Dodson, W. V. Swinburne, and William Brune.

THE WAY WE FEEL ABOUT IT
Unable to answer in kind, the Hi-Y Boy wishes to load these few lines with deepest and sincerest appreciation and dedicate them to Mrs. Vera Davis Shinn, the author of "My Boys," so kindly dedicated by her to the Hi-Y fellows of old A. H. S. Mrs. Shinn's first aim is to develop character and certainly no member of our faculty has rendered more helpful or lasting services to the school.

MY BOYS
By Vera Davis Shinn
(By my boys I mean all whom I have ever taught, am teaching, or will teach, but this Y Boys of Amarillo High School is especially dedicated to the Hi-Y Boys of Amarillo High School.)

Chuggin' full of mischief,
All time breakin' through;
Keep me jumpin' sideways
Wondering what to do.

My Boys,
Brimmin' full of sweetness
'Spressed in sunny smile,
Even though the storm clouds
Hover for a while.

My Boys,
Lookin' for a square deal—
Ought to have it, too.
You can't fool a boy, folks,
They're readin' me and you.

My Boys,
Love 'em like a mother
Jealous like of her,
Just because to me, folks,
They're worth a million per.

HI-Y CLUB SENIOR HIGH SCHOOL

AMARILLO WELCOMES YOU

Situated in the center of a vast, rapidly developing territory as large as the State of Pennsylvania—possessing the largest gas field on earth—the dynamo or power center of a territory ten times as large as the entire New England States—served by three great trunk line railroads, with outlets in eight directions—the trade territory of 67 million acres, 90% tillable, with less than one-half under cultivation. Surrounded by progressive and rapidly developing smaller towns, the future of Amarillo is the future of North Texas.

This is the city of Opportunity, of Growth, and of Progress. No other settled city on earth has had a faster growth, or can look forward to a brighter future.

Young men of North Texas, as you consider the choice of a life work, consider also where it shall be spent.

The 850,000 prosperous citizens of Amarillo's trade territory, unaffected by the financial storms that strike other parts of this great nation, and happy and secure in abundance of nature's riches, count as their most precious possession the young manhood and womanhood within their borders.

We can raise enough grain and meat in Texas to feed America, enough cotton to clothe the world, and our gas supply in the Panhandle alone is sufficient to furnish six million cubic feet to each man, woman and child on earth.

The ideal manufacturing location—the logical distributing center—the financial capital of future millions, and a metropolis in the making.

If you have friends in other sections, tell them of Texas.

HI-Y CLUB WILL BE SPLIT SATURDAY

MANY OF OUR BOYS WILL BE IN BRECKENRIDGE TO SEE GAME

The hearts of the Hi-Y boys are torn. Fate, by means of a tossed coin, has decreed that our Sandies must go away from home to settle the Bi-District Championship. Of course our hearts are going with them. We wanted to see the Sandies trim the Oil Belts, but our convention has been scheduled for months. Speakers

have been secured and we must go on.

Of course we will lose many delegates from the Oil Belt. Many of our boys will make the trip. The Band has been engaged months ahead to play for the Convention during its three days, but if our Sandies need the Band it must go, too, or a large part of it.

We will be listening in to every play—Sandie Boys. We will be with you Saturday afternoon, pulling and rooting with all our power along the side lines of radio land. We hope you can feel our presence, and to each one of you the Hi-Y boys back home say God speed—and win the day.

"FIND YOURSELF" IS CONFERENCE THEME

Find Your Talent and Follow its Trend if You would be a Success.

By GROVER C. GOOD.
The Older boys of the eleven leading towns of the Panhandle met in a group of exactly eighty-nine, and discussed the Older Boys' Conference for North and West Texas, and it was their request and challenge that we have the theme of our 1930 Older Boys' Conference, "Choosing a Life Work, a Spiritual Adventure."

There are several headings that would need to be discussed to make this intelligent to the average person. We should consider the principles governing the choice of life work, and under that, thoroughly discuss ten leading questions, some of which are about as follows:

- Do I enjoy the work I have chosen as my vocation?
- Is the work conducive to good health and a strong body?
- Will the work allow me to grow and develop mentally?
- Can I become a stronger man spiritually?
- Will the vocation enable me to be sufficiently remunerated so that I can live on a high standard and rear a family properly?
- Can I have a reasonable amount of time at home and not be a slave to my work?
- Is there a future to it, that is, can I grow and be promoted and become somebody, even though it takes a long time—several years?
- There are many other questions one could ask when choosing or considering his life work.

Certainly there are a number of men, as the Mayo Brothers, Wright Brothers, Fulton, Edison, and others, who are startling examples of what one can expect if he follows his natural trend or inclinations. One can discover his hobby as these men did, and develop showing an interest in training along the line of his hobby, even though at first it had to be considered an avocation and later let it become a vocation. If one does not enjoy his work, if he cannot be happy in it, if he is not willing to spend overtime and work because of his love for it, he is not in the line of the love he has for his work, he might logically conclude it is not his proper vocation. Certainly one of the greatest questions that we have not thus far mentioned is: "Would the vocation afford ample opportunity to render unselfish service?" One's relationship to his fellow men is probably a great guide principle in this matter of choice of life work. If one is thinking only of making a living, he is not concerned with this subject, because it is far greater for one to plan to live a life rather than to make a living. It is true that a great deal of the poverty and crime of this age is attributable to the fact that 54 per cent of the men of the nation are "square pegs in round holes, or misfits, so to speak, they were not launched in their proper vocations. Then, it is time that some organization of momentous power should devote sufficient time to this matter of "finding ourselves" and to really direct the youth of this nation into their proper life work.

The great purpose of this Conference is to cause us to get the right attitude toward the choice of our life work. If we can realize that we are trying to find our God-given talent, or the thing that we are naturally fit for—the thing we can do best in the world, the thing we are not bored by—then we are actually realizing the purpose of this Conference.

One of the things that has always been needed is for some organization to help discover the great men who are going to waste in back-alley and blind-alley jobs, men who are really great, even as great as Lindbergh himself, or Edison, but have not discovered it because he has not been assisted to find this particular thing that he is cut out for. Take a man like Burbank, and if his father or leader had tried to make a banker or lawyer of him, he probably would have been a great failure like a great many others, but he found his life work and spent his time joyfully in making a great success.

If you are thinking only of entering a profession because of the money you can make in it, you are entirely off the right track. One can make as much money in a poorly remunerative vocation provided that it is his proper vocation, as he can in a real so-called money-making position, if he is a misfit in that position.

The great purpose of this conference is to try in some humble way to motivate the lives of older boys with potential power and stir even a few so they will search for information and guidance in their life work. It is a great spiritual adventure, because if one approaches his life work in the proper attitude, he will do it prayerfully and in close communion with the Divine Power. God has given us this talent within us, and he should be given an opportunity to help direct us in it. If one place himself in an attitude, free, open and willing to be guided, he will no doubt, as we say in the language of the street, "receive a hunch" somewhere in his long hours of meditation, study and prayer.

I have often thought that a great ocean liner, or steamer, would be of little value in an inland lake. The same thing is true about a truly great man being shut off from the world as a fruit vendor, or blind alley job. The theme "Find Yourself" connotes much. There is no greater adventure. One cannot rub a bump on the back of his head and say "hocus-pocus, I

ought to be a doctor," etc., but it takes the most modern and scientific methods of all the intellect that the greatest can furnish, to help us find our trend or tendency. Even help find what great classification one belongs in; say engineer, and there are hundreds of positions in that subject, but if one can find whether we are in the class of the literary and humanistic or in the class of the mechanic, or in any other particular classification, then we can go about studying to discover our particular vocation in that classification. We can not expect to get a great deal of scientific data on vocational guidance in this short conference of two days, but we can catch the spirit of trying to study to find our life work. If we only motivate the lives of a hundred young men, and discover what they are fit for. It is vital that we even have the right attitude, and even think that we have found ourselves.

When we boys think they know what they are going to be, then they work harder and train for something. They have a target to shoot at as it were. They may change their opinion later two or three times. However, it is by study and examination of several vocations that most men find their life work.

History of Hi-Y Club in Amarillo

By Jack Bosch and Warren Woods.
In the latter part of the school year 1921-1922, J. E. Lewis, then Y. M. C. A. secretary, visited the Amarillo High School in the interest of the Older Boys' Conference to be held that year at Wichita Falls. Mr. McIntosh, seeing the need of an organization of this kind could accomplish in the school, arranged for a delegation to attend the conference, as follows:

Donald C. Fuller, Robert Artell, Eugene Jordan, Benny Greenhill, Lon Sharp and H. G. Wilson. This group, with the exception of Lon Sharp, was the nucleus around which the club was organized the following year.

The first president was Donald Fuller, and the first sponsor, Prof. E. G. Wilson. Under his leadership, the organization grew and prospered, because of his love and understanding of boys, and his organizing ability.

The first meeting was called by the president on November 25, 1922, with sixteen charter members attending. Before the end of the school year, the active membership had increased to sixty-four.

The following year, 1923-24, Eugene Jordan was elected president. During this year the membership increased to 85, and Mr. Wilson succeeded in obtaining the Hi-Y District Conference for Amarillo. The Conference met in the old Polk Street Methodist church, then standing on the corner of Eighth and Polk streets, and was in session from November 30 to December 1, 1923.

Next year, Dan Thomsen was president. Due to the graduation of so many of its members, the membership decreased to seventy-seven. However, during the year 1925-26, the membership increased to 96. That year the Amarillo Hi-Y Club had the largest membership of any club in the state. Carroll Gregg was president that year. The Lost and Found Room was established and the Hi-Y also given charge of the lockers. Another important development was the authority to hold trial court for the disciplining of boys not members of the Hi-Y Club. This was the only form of student self-government the Amarillo High School has ever had.

Allan Heater was president for the year 1926-27, and the membership increased to 125. This was Professor Wilson's last year as sponsor.

During 1927-28, Prof. S. R. Steel was sponsor. During this year, the Conference was in Wichita Falls, Amarillo sending a large delegation. Student courts were also discontinued and Amarillo had no form of student participation in government service. Grover Jarvis was president this year.

In the fall of 1928 Jack Kruttsinger was president. Jack was a splendid president, although not a student in the high school. Prof. L. McNeill was sponsor this year. His first activity was to take a delegation of boys to the Officers' and Sponsors' Training Camp near Waco. This trip was made possible by the big heartedness of Mr. Toney Chisum, who loaned the boys an automobile to make the trip in. They drove to camp, 528 miles, in one day, reaching there ahead of any other delegation. There were forty-nine officers and sponsors at this camp, known as the Central Texas Training Camp. The boys making the trip with Professor McNeill were Kenneth Woodward, Joe Taylor, Orvis Biglow, Roy Walling and Carroll Mitchell.

This camp was such an inspiration to the Amarillo delegation that it was decided to hold a camp next year in the Panhandle so that more schools could attend. This resulted in the training camp at Ceta Canyon, the Methodist encampment ground, last September, which was attended by

ROUSE HOWELL GREAT LEADER OF BOYS—BRINGING DELEGATION OF ONE HUNDRED FINE FELLOWS TO CONVENTION.

The following letter has just been received from the splendid Boys' Club at Childress:

Dear Mr. McNeill: I am very sorry that we do not have a group picture of our Hi-Y Club, but will try to get you a picture or a cut of our officers. Childress is planning on sending a large delegation to the Conference and is very interested in doing all that is possible to help make the Conference that is to be held in your city "The Best."

We are planning on coming by train, and are doing all we can to secure a delegation of one hundred. Our club has been very active this year, and we have been looking forward to the Conference all year. We are grateful to

R. B. NORMAN

Principal of Senior High School Amarillo.

Mr. Norman came to Amarillo from Vernon. By his fairness and firmness he has done much to develop a spirit of co-operation between students and teachers—resulting in the splendid school spirit of which we are proud.

you and Amarillo for all you did to help make our Conference a success, and we now stand ready to repay you by doing everything possible to help you.

We are well satisfied with the subject of the Conference and we know that we are going to get much benefit from the discussion of it, as well as from the speeches that the great speakers you have been fortunate to secure will make.

As you know, Wilford Cooper, our club's president, is also president of the Conference Congress, and will get letters out to all clubs in this Conference district in regard to their electing members of the Congress. Cooper is a boy of strong Christian ideals and carries out his duties as club president as well as he performs on the football field. In Claude Newberry as vice-president, Edgar McConnell as secretary, and Albert Coleman as "Bouncer," we have an excellent group of officers to work with Cooper.

Let me know if I can do anything to help you. We will see you December 6, 7, 8, "100 Strong."

Yours for a Conference that will be "bigger and better" than ever before.
(Signed) ROUSE HOWELL.

According to a letter received from Mr. R. J. Mullins, Tucumcari superintendent of schools, the High School there has no Hi-Y Club, but is interested in Hi-Y work. Mr. Mullins states that they are planning to send ten boys to the Conference and it is expected that upon their return they will organize a chapter in Tucumcari.

MIDLAND.—Inauguration of a sidewalk building campaign in Midland will be started by the chamber of commerce. The move, recommended by W. Edward Lee, a director of the organization, was endorsed by M. C. Ulmer, president of the Lions Club, and Malcolm M. Meek, president of the Rotary Club. All civic organizations will unite in a plea to city authorities and citizens to completely cover the business and residential streets with sidewalks.

Y. M. C. A. IS BENEFIT TO ANY GROWING COMMUNITY

Amarillo needs a Y. M. C. A. building and needs it badly.

The Young Men's Christian Association is organized for the purpose of promoting good fellowship among the young Christian men of the nation. A city which lacks such an organization is practically admitting that it is not modern and up-to-date enough to provide its young men with the vital necessity of Christian association.

Almost every city in the State of Texas except Amarillo, which has a population of forty thousand and over, has a Y. M. C. A. building. Beaumont, Port Arthur, Waco, Austin, and even the Negro boys in Fort Worth have one but the boys of Amarillo haven't one.

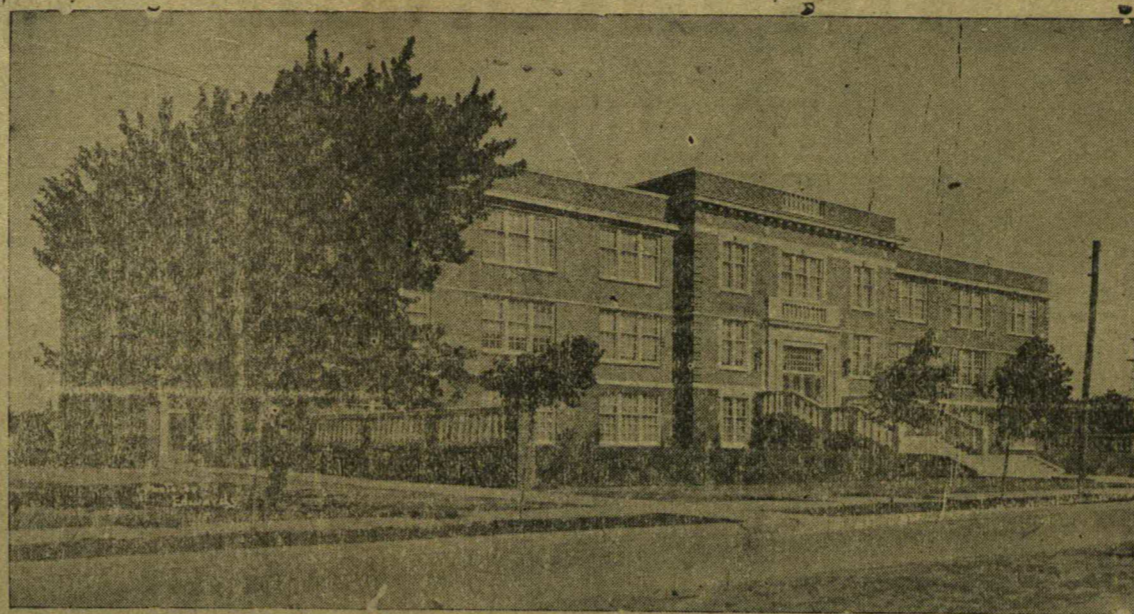

It isn't that adequate support could not be obtained for the launching of a Y. M. C. A. project, nor is it because the business men of Amarillo are not behind it, because they are; but it is because the young men of Amarillo, the High School boys, and the "kids" in the grade schools have not pushed the project enough.

If every boy and young man in Amarillo who would be benefited by a Y. M. C. A. would start a concerted move toward this goal it would soon be reached. As yet no such movement has been started and as a consequence we are suffering from a lack of good fellowship and are encouraging the cliques and gatherings of friends which coldly repel strangers and which are the greatest curse of Amarillo today.

AMARILLO HIGH SCHOOL

AMARILLO HIGH SCHOOL RANKS HIGH IN NATION

Has Led the State Three Years in Standing of Freshmen in English at the University—Has Less Than Half the Average Number of Failures of Other Schools of the United States.

Amarillo High School ranks high in scholarship among the schools of the cities of the South, according to a report published by the Southern Association of Secondary Schools and Colleges.

A good test of the efficiency of a secondary school is the way its graduates succeed in their freshman year in college.

In 1928 there were nine Amarillo High graduates who asked admittance into that university, and only eleven and one-tenth per cent failed the test. This placed Amarillo first in the state. This year J. J. Deiss made the second highest grade on that test.

The average percentage of failures of 15,000 students in 460 colleges and universities and from 751 secondary schools in the first semester of 1924-1925 was thirteen and eight-tenths per cent. Amarillo, with thirty-four in college, had an average of six and seven-tenths per cent failures.

In schools with attendance of 800 or above, in 1924-1925, Amarillo stood eighth among sixty-seven schools in the entire South, and led Texas. In 1926-1927, Amarillo stood sixth among sixty-three schools in the South and also led Texas again.

The "SANDSTORM." Amarillo High School's paper, which is only three years old, was rated "All American" by the "National Scholastic Press Association," and the "Quill and Scroll," a national honorary society for high school journalists. Last year it won seven places in the state contest at Baylor College, Belton, Texas. That same year, Rebecca Answorth won the

first place in the nation on her short story. This year, Hollis Scriber, editor of the paper, placed second in a news story contest and Stanley Marsh won an honor in the editorial writing contest. Each of these contests were sponsored by "Quill and Scroll."

Amarillo High has won many distinctive honors in public speaking. In 1928, E. B. Fincher and Jack Fischer debated four times in the state contest at Austin. Last year Warren Woods and Joy Wagner won district debating honors. Rosemary Booth and Lola Pasce won similar honors in girls' debating.

J. J. Deiss won first in the state in extemporaneous speaking. He also won second place in the district in a national oratorical contest. First place in essay writing in the Latin tournament was given to him.

Last year, Amarillo students won the cups and two essay first place honors. Finis Mothershead and J. J. Deiss won these.

ATHLETICS ARE IMPORTANT IN CHURCH AS WELL AS IN SCHOOL

Text From Bible States That Jesus Increased First in Mind, and Next in Body.

There is a text in the Bible—in the book of the Gospel according to St. Luke, which states that "Jesus increased in mind and in stature." Today the vast public school system has reached out and taught the children of America in mind, but has failed to reach every one in athletics. This is not due to lack of efficiency of the school management, but to the vast difference in the ages of the pupils. It is practically impossible to reach every child but this may be done by the churches, and is being done by some churches in towns where there is a Y. M. C. A.

From the text above quoted, the task of developing the boy in body would fall logically to the church. One of the best examples in Texas of a church taking up this task is that of the Central Presbyterian church in Amarillo. Their athletic development of boys has been under the supervision of Professor H. G. Wilson, organizer of our own Amarillo High School Hi-Y Club and one of the best boy workers anywhere. He holds the position of Educational and recreational director of the Central Presbyterian Church.

This church was the first one in Amarillo to construct an indoor gymnasium with full equipment including showers, lockers, mats, and etc.

By their plan of athletic development the members of the church are divided into four classes—Juniors, Intermediates, Seniors, and Adults. Each one of these classes holds two meetings a week during which Mr. Wilson coaches them in physical development.

During the baseball and basketball season each class has a team which competes in the following manner: Juniors and Intermediates with the grade schools; Seniors with Junior Highs and out-of-town high schools. The adult team competes for the city league cham-

ionship and are usually fairly successful.

Through this means practically every member of the church so de-

HONESTY IS BEST POLICY?

No, honesty is not the best policy if we accept the true meaning of the word policy. Policy means a prearranged plan or course followed because of its feasibility and not because of its merit from a moral standpoint. Honesty should be spontaneous—not a policy to be followed because of the effect it may have on one's career. It should come from the heart, not from the mind. To be honest for policy's sake is despicable but to be honest for honesty's sake is commendable. "Honesty is its own reward," is truly said. The feeling that truth inspires in us should satisfy us. To be honest because you wish praise is deplorable. Honesty is certainly not the best policy if for policy's sake.

Attention, all you lucky bozos whose names begin with "A." When the stork first ushered me into this world he bestowed upon me the greatest curse that can be bestowed upon any person—the curse of the "W."

My parents' name began with "W." Not satisfied with this, they decided to name me W. W. Still unsatisfied, they tacked another "W" on, and here am I, "W. W. W."

My misery began when I first started to school. I got the last seat in the school room. I was always the last one to answer roll call, and the last to receive my report.

When I started high school, I was the last one to register, got in the last classes with the last teachers, and the last seat in chapel, with the last home room. Worse yet, when I graduated from high school and college, I was the last to receive my diploma.

Once more the curse of the W. On, on, through life, I was the last one to receive my pay, and the last to get my bath in the boarding house where boarders took their bath alphabetically.

LADD MADE 'Y' BOARD MEMBER

W. T. Ladd, after almost 25 years of continuous service in the Fort Worth Y. M. C. A., was made an honorary life member of the board of directors at the monthly meeting held in the Y. M. C. A. at noon yesterday.

W. T. LADD.

For 12 years of his service Ladd served the association as president and has been active in work with boys and young men. For years he was an active member and officer of the state committee.

Following the lead of the Association of Commerce, the board passed a resolution to the effect that after a director has served a term of three years, he would not be eligible for reelection for one year. The idea expressed by some of the board members was that this would bring new material into the board and would make the association more democratic in its management.

The annual election will be held May 14. With approval of the board, F. A. Martin, president, appointed the following committees: Nomination, S. A. Middaugh, R. O. Dulaney and G. J. Stone; election, W. E. Austin, judge, and A. B. Richardson, associate judge. The two tellers were named as Howard H. Talbot and Charles F. Jahns.

The election will be held at the Y. M. C. A. between noon and 2 p. m. and 6 p. m. and 9 p. m. by ballot. There are 21 directors on the Y. M. C. A. board, three groups of seven each, each group serving three years.

40 From Here to Negro Boy Session

The eighth annual session of the State Older Boys' Conference (negro) will be opened in Wichita Falls Friday for a three-day meeting. S. H. Fowler, secretary of the negro Y. M. C. A. here and director of the conference, announced last night.

Forty negro youths of Fort Worth will attend the meeting. The state executive committee of the Texas Y. M. C. A. sponsors the conference.

U. S. Gates, Jefferson, is president, and Willie Robinson, Houston, is secretary. Fowler said leaders of boys in and out of this State will direct discussions at the meeting. Theme of the conference is "Advancing for the Man of Galilee."

Talks will be made by Dean Mohr of Paul College, Waco; M. W. Dogan, Wesley College, Marshall, and Fowler. Greetings from the Older White Boys' Conference will be extended by Moulton B. Harrison of Wichita Falls.

\$32,000 IS GOAL SET IN DRIVE FOR Y.M.C.A.

The annual finance campaign of the Young Men's Christian Association will be held the week of May 6, it was announced Thursday by Ralph E. Squires, general secretary. Ellis H. Boyd was selected Wednesday by the board of directors as leader of the 1929 campaign.

In the 1929 campaign team workers will attempt to raise \$32,000 for the Y. M. C. A. The 1929 budget of the Y. amounts to \$81,635. The balance of \$49,635 will be provided by dormitory receipts, membership fees and miscellaneous sources.

Squires explained that \$15,600 of the \$32,000 to be raised in the campaign will be used to pay notes at the bank and interest on the mortgage indebtedness and a \$6,145 deficit in current bills prior to Jan. 1, 1929, leaving only \$10,255 for the current work of 1929 and expenses of the drive.

Boyd outlined plans of the campaign Wednesday and was pledged the support of all members of the board. An out-of-town campaign worker will not be employed for the drive. Boyd will be assisted by Fred A. Martin, board president, and Squires.

Last year's campaign was headed by Wyatt C. Hedrick. A total of \$40,000 was raised and \$20,000 indebtedness was paid. The 1929 campaign has been delayed on account of other drives.

W. T. Ladd, active in Y. M. C. A. work for 25 years and president of the board for 12 years, was made an honorary life member of the board at the meeting Wednesday. The board also voted to adopt the plan of the Association of Commerce board of declaring a director who has served for three years ineligible for service for one year in an effort to enlist more new workers for the organization. The board election will be held May 14.

Boy leaders provided a spectacle by executing a drill with illuminated Indian clubs in the darkened gymnasium. Robert Luton and Roy Browning gave an exhibition of tap dancing. YM SECRETARY IS TO LAUNCH HIS FALL WORK

Home and School Relations Of All Boys To Be Looked Into

In launching the Fall work for the YMCA, C. G. Fairchild, new secretary for the boys' department at the YMCA will inaugurate several new ideas in his Fall work at the YMCA, which will begin Sept. 24.

An interviewing system will be used with all new members. The boys' home, church and school relations will be looked into and a study will be made of his likes, dislikes and the things that he is interested in most. In this way the interests of the average boy may be better provided for, Fairchild pointed out.

In connection with the Fall membership drive a Booster Club will be organized. To belong to this club each boy must first bring a new member for the YMCA.

Plans for the Fort Worth Hi-Y delegation to attend the State YMCA camp at the "Falls of the Bosque" in Waco, Sept. 7-9 are being made. This camp is held every year for training leaders in the Hi-Y work of North and Central Texas. A delegation of 15 boys is expected to attend the camp from here. Ten boys attended the camp last year. Fairchild will accompany the boys.

Members of the boys' department will go on an overnight hike to Lake Worth Friday at the B

New Y. W. Head Would Push Association Work

Campaign to Let the Public Know of Aims Proposed by Miss Batty.

The principal difficulty with the Young Woman's Christian Association of Fort Worth is that it seems to be working in a dark corner and is in need of publicity, according to Miss E. Jean Batty, who arrived here Saturday afternoon to assume her duties as executive secretary of the Y. W. C. A.

"The big problem, of course," she went on, "is lack of money, but I believe that if we give the community what it wants in this type of organization it will stand behind us financially."

Miss Batty explained that she had not been in the city long enough to learn the definite needs of the Y. W. C. A. here and that her first step would be to make a study of the field.

"I will make no hurried conclusions," she continued, "and will do nothing until I am sure that I am on the right line. If there is any duplication of our work with that of other organizations, I shall try to correct that."

New System Advocated.

Miss Batty said she has no radical changes in mind and that she feels that she should attempt none until she knows the conditions well. Leadership, a large group of new people who are interested in the work, is a definite need, she declared. She expressed the wish to come into contact with the other educational, religious and social organizations of the city.

She recommends a system such as is used in Providence, R. I., of having a group of permanent residents in the Y. W. C. A. building, which will insure a permanent income and several rooms for transients. The rent is on a scale determined by the salary of the roomer.

Miss Batty expressed herself as being delighted with the building and equipment and voiced the hope of future expansion.

Fall work for the Y. W. C. A. will begin formally Tuesday and Miss Batty says it is planned to follow out the same program as last year, slightly modified because of the necessity of cutting down the working force and expenditures.

Miss Batty comes to Fort Worth with eight years of experience in Y. W. C. A., having done both student and city work and served as a traveling and organizing secretary.

Of Varied Experience.

She was the first worker to be sent by the World Committee, with headquarters at London, to organize the Y. W. C. A. in South America. She spent three years in Buenos Aires. She was preparing to return to South America to organize at Rio de Janeiro,

when the World War began. Her trip back was delayed.

After eight years' work in South America she returned to this country and then visited England to present the United States association to the association of Great Britain. The work in England, she commented, is better organized and older than ours, but entirely different in type and purpose.

Miss Batty next worked in Brazil, establishing an organization there. She returned to the United States in 1923 and since then has been resting, traveling and working. She comes here from the "twin cities" of Tonowanda, N. Y., resigning from the organization there Friday.

Miss Milam Is Back.

She fills a position left vacant by Miss Frances Bothwell, who resigned last May because of the serious illness of her mother. Miss Maude Osburn, acting secretary for the Summer, will leave this week for a vacation.

Miss Aleena Milam, physical director for the Y. W. C. A., also returned Saturday from the University of California, Berkeley.

Malaria Control Sought in Panama

By Associated Press.

NEW YORK, Sept. 2.—Control of malaria will be the first objective in the program of preventive medicine research by the Gorgas Memorial Institute in Panama. Dr. Franklin Martin, president of the institute, said today on his return from that country after a year of preparation for the institute's work.

Arrangements have been made with the Republic of Panama, he said, for the use of its medical school building as a temporary laboratory for the next three years, while the institute's permanent building is under construction. Congress has made an annual appropriation of \$50,000 for five years to finance the research.

"President Chiari of Panama," Dr. Martin said, "formally presented the medical school building for our use last month. A scientist with unusual experience in tropical medicine and sanitation has been suggested as director of the institute and preliminary negotiations indicate that he will accept."

Dr. Martin, who also is president-elect of the American College of Surgeons, left for his home in Chicago after a few hours here.

Officers Study Problems of Y

"Success of a Y. W. C. A. secretary is dependent on his personal appearance as much as anything else," said W. A. Scott, Dallas general secretary, speaking at the State Y. M. C. A. employed officers' conference at Atkins Hall, Southern Methodist University, Friday. "He must keep his shoes shined, his finger nails clean and his attire immaculate," the speaker continued.

"He must also keep a proper relationship to his church, regularly attending the services, making contributions and standing for the things for which the church stands. He must keep abreast of the times in civic life and co-operate in all forward movements of a city."

Moderation in recreation; proper use of spare time, a part of which should be used in reading and study; maintenance of credit rating and right relations with the opposite sex, the secretary named as fundamental success building steps.

The first of a series of four lectures in social psychology was given by Dr. Paul C. Morrison, professor of psychology at Texas Christian University, Fort Worth, in the afternoon at the conference. The opening session in the morning was devoted to routine business and the registration of representatives from practically every section of Texas. S. J. Schreiner, executive secretary of the Dallas central branch and president of the State group, presided.

F. C. Fields, general secretary of Houston, is vice president of the conference, and Theron Browne, Temple, is secretary.

The recreation period was under charge of George W. Roesler, local physical director. Following the dinner hour at the university, Dr. W. Marshall Chalg, pastor of the Gaston Avenue Baptist Church, conducted the vesper services.

Urban Williams, State Y. M. C. A. secretary, led in the discussion of State progress and problems at the night session. He will also conduct class work in association philosophy.

Walter Tower, educational director of the Highland Park Methodist Church, will speak Saturday on "Religious Education." The Saturday program will begin at 6:30 a. m. with a morning watch, led by Grover C. Good, State boys' work secretary. Bible study periods, constituent group meetings, psychology class work and fellowship hour are other sessions scheduled for the day.

Ten Cleburne Y. M. C. A. boys Tuesday took examinations for certificates and badges in aquatics here under supervision of Jim Magnus, associate director of physical education of the Fort Worth Y. M. C. A.

The tests were not completed Tuesday by all of the boys and they are expected to return Thursday night, when another opportunity, and the last this year, will be given to take the examinations.

Henry Lichtie Tuesday met all requirements for the Junior Life Saver's test except the demonstration of Schaffer's method of resuscitation, which will be given him by his local leader, Secretary Lee. James Dean still has several tests to pass before he qualifies. Swimmer's tests were passed by Ray Brandon, Raymond Hammonds, Frank Beans, James Dean and Bill Jones.

Fort Worth Will Play Dallas Nine

Riverside Christians, Fort Worth's church baseball champions, will launch their bid for state honors next Saturday afternoon at Sycamore Park, meeting the Dallas champs in the opening series of the Texas playoffs. The teams meet in a double-header at 2:30 o'clock Saturday afternoon.

City Temple team is favorite to cop the Dallas title. The Temple team defeated Fort Worth in several previous playoffs, but this year things promise to be different as this city sends its strongest team in history into the series.

Riverside Christians after winning both halves of the Men's A League won easily in the elimination series for the city championship. The team copped the Men's A title in 1927, but met defeat in the finals.

It was practically intact for this season and plowed through the schedule to triumph. Bill Millican, hurler, almost single handed won the honors and much hope is placed on the right hander in the Dallas series.

The Christians visited Gainesville the past week and split even in a double-header with an all-star outfit.

H. F. Cunningham is manager of the champions.

Previous to the starting of the championship game with Dallas Saturday, the six winners of league titles will be awarded trophies.

Church All-Stars Will Play Champs

Dallas champions in the church baseball race in that city will be unable to meet the Fort Worth champions, Riverside Christians, in a North Texas championship game. This forfeit automatically gives the Fort Worth team the title.

Since this game will not be played, an all-star team will be picked from other teams in the Church Athletic Association which will meet the Riverside team Saturday in a feature game, according to R. L. Barrett, supervisor of athletics in the church loops.

Preceding the game, trophies won by the winners in the various loops will be presented by the board of control. This board is composed of Clarence Kraft, Doc St. Clair, Leroy Kelso and Lucian Wright.

YM SECRETARY IS TO LAUNCH HIS FALL WORK

Home and School Relations Of All Boys To Be Looked Into

In launching the Fall work for the YMCA, C. G. Fairchild, new secretary for the boys' department at the YMCA will inaugurate several new ideas in his Fall work at the YMCA, which will begin Sept. 24.

An interviewing system will be used with all new members. The boys' home, church and school relations will be looked into and a study will be made of his likes, dislikes and the things that he is interested in most. In this way the interests of the average boy may be better provided for, Fairchild pointed out.

In connection with the Fall membership drive a Booster Club will be organized. To belong to this club each boy must first bring a new member for the YMCA.

Plans for the Fort Worth Hi-Y delegation to attend the State YMCA camp at the "Falls of the Bosque" in Waco, Sept. 7-9 are being made. This camp is held every year for training leaders in the Hi-Y work of North and Central Texas. A delegation of 15 boys is expected to attend the camp from here. Ten boys attended the camp last year. Fairchild will accompany the boys.

Members of the boys' department will go on an overnight hike to Lake Worth Friday at the Boy

GAS TAX CUT GOES INTO EFFECT SOON

Auto Fluid 'Leggers' To Have Profits Cuts Down

By United Press.

AUSTIN, Aug. 24. — Gasoline bootleggers will have their profits cut down on Sept. 1 when the Texas gasoline tax is reduced from three to two cents a gallon.

During the three cent tax period, large quantities of gasoline have been smuggled from Louisiana into Texas to escape the tax. Reports of this tax evasion have been brought to light through the State Comptroller's Department according to an announcement by S. H. Terrell.

Texas produced gasoline has no chance to escape the tax as it is collected at the source.

The campaign in brief is:
Goal—\$58,869.

Y. M. C. A. CAMPAIGN WORKERS TO BE DINED

Final Plans for opening the Young Men's Christian Association annual financial campaign Tuesday morning will be made Monday night at 6 o'clock at a dinner to be attended by the 125 members of the campaign teams. Efforts will be made to raise \$58,869. Wyatt C. Hedrick will preside at the dinner. He is general chairman of the financial campaign. Lionel W. Bevan is chairman of the special gifts division.

It had been planned to hold the campaign earlier but it was postponed until after the Association of Commerce had held its membership drive.

Belief that Fort Worth would subscribe its quota was expressed Saturday by Ralph E. Squires, general secretary of the Young Men's Christian Association.

"Y. M. C. A. Pays Dividends." "The Y. M. C. A. pays dividends on all subscriptions—cumulative dividends," he said. "Dividends in character and good citizenship.

"When our new building was erected it was discovered that it would cost about \$50,000 more than had been originally planned, due to increased building costs and necessary changes in original plans. It also developed that about \$70,000 in subscriptions had not been collected. A shrinkage was encountered in disposing of the old building when the new one was occupied.

"This necessitated placing a loan of \$125,000 on the property and making temporary loans at local banks. In the last three years \$16,000 of this mortgage has been paid. While the association has run behind \$14,802 in the past three years in its current operation, yet in the same period the payment was made on the mortgage and the fourth floor of the building has been furnished and other permanent improvements have been made at a cost of \$22,800."

Work of Year Summarized. A statement has been prepared showing the work that the association has done in the past year. The report in part follows:

Dormitory's 150 beds occupied by 1,309 different men.

Eighty-three special functions attended by 1,600 men and boys.

Four boys' clubs, newsboys, Western Union, Postal Telegraph and American Railway Employed Boys, maintained.

About 300 men and boys taught to swim.

Ninety-one boys attended the three-10-day camps.

Thirty-two men and boys found employment through the Y. M. C. A. service.

Free physical examinations given to 360 members.

Sixty-six father and son banquets and programs promoted.

Four hundred boys attended the older boys' conference held here.

Six Hi-Y Clubs sponsored in the high schools.

The city has been divided into zones and the 125 workers will be assigned certain districts when the dinner is held Monday night.

The Y. M. C. A. Needs.

THE Fort Worth Young Men's Christian Association is launching a "Maintenance Campaign" for the purpose of raising a total of \$58,869. Prominent Fort Worth men of affairs are giving the present week to the task of raising the needed amount by the well-known method of making themselves into "teams" and visiting the business houses in variously allotted districts.

Fort Worth's "Y" has always been popular with the business and professional men of the city. They know that subscriptions to that well-known organization "pay cumulative dividends in character and good fellowship." They have long recognized the influence of that nationwide association on the youth and young manhood of the country.

They have never failed to support it. When Fort Worth outgrew the old building on Texas and Montfort streets, the local branch expansion at Fort Worth was recognized.

But it is not until the workers recognize that they have a "selling" drive. It is workers early in no one

WORKERS IN 'Y' DRIVE TO DINE TONIGHT

Workers in the Young Men's Christian Association annual financial campaign will select prospect cards and receive final instructions for conducting a canvass, beginning Tuesday morning at a dinner at 6:15 o'clock tonight in the Y. M. C. A. gymnasium.

Wyatt C. Hedrick, general chairman of the maintenance campaign, and Lionel W. Bevan, chairman of the committee on special gifts, will outline the work confronting the teams in their move to raise \$58,869 set as the campaign goal. The drive will continue throughout the week, with first official reports to be made at breakfast at 7:45 a. m. Wednesday in the Y. M. C. A. Building.

10 After Large Gifts. While 20 teams of 125 men are soliciting prospective pledges Tuesday, 10 members of the special gifts committee will seek larger subscriptions to the "Y" fund.

An itemized statement of income and expenses of the Y. M. C. A. during 1927 was released Monday by Ralph E. Squires, general secretary, showing a deficit of \$1,988.63 for the year's operations. This shortage, together with temporary loans from banks to meet expenses encountered in constructing the Y. M. C. A. Building, creates a need for funds available only through subscriptions by public spirited business men, Squires pointed out.

"The campaign can not function intelligently unless every worker knows all details of the drive," Squires said. "For that reason we are requesting a 100 per cent attendance at tonight's organization dinner."

Team Division Chiefs.

If a team has six men, including the captain, present at the dinner, a merit bonus of \$200 will be given to supplement the team's first report.

Team division managers and captain include: Division Y, Earle M. North, manager, and Capt. C. P. Schneck, A. J. Beavers, Charles T. Davis, R. M. Bowen and B. B. Adams; Division M, John B. Collier, manager, and Capt. A. C. Farmer, Howard H. Talbot, J. J. Walden and Seth Barwise; Division C, Gaylord J. Stone, manager, and Capt. Sam H. Lane, H. D. Laney, William Rigg, R. E. Sweeney and A. E. Chambers; Division A, R. L. Miller, manager, and Capt. Howard Agee, Paul Evans, Henry Dingee and Lucien H. Wright.

Campaign headquarters will be at the Y. M. C. A. Building, Sixth and Lamar Streets.

125 WORKERS ENCOURAGED AT BANQUET

\$3,500 Pledged in Advance; Campaign Expected to Be Ended Before Saturday.

An army of Y. M. C. A. workers will begin a drive this morning in Fort Worth to raise \$58,869 before Saturday to meet the needs of the local association during the current year. Plans for the campaign were completed last night at a banquet served at the "Y" at which were present the 125 workers who will be participants in the drive.

Wyatt C. Hedrick, general chairman of the drive, which will be known as the "Maintenance Campaign," presided at the dinner. Addresses were made by Lionel W. Bevan, president of the association; W. T. Ladd, a director; Urban Williams, Dallas, state secretary; George L. Goodwin, New York, a member of the financial service bureau of the national committee of the association; Earle M. North, John B. Collier Jr., Gaylord J. Stone and R. L. Miller, division drive managers.

Hedrick called attention to the fact that Dallas has just completed a drive for three new "Y" buildings and raised \$1,117,000 when the goal was \$1,000,000. He also mentioned that Beaumont raised \$317,000 when its goal was \$300,000 and expressed the belief that this drive could be finished in a couple of days.

Traction Company Gift. The Northern Texas Traction Company already has subscribed \$1,000, Bevan announced, and although only 12 of the 21 directors of the association have been heard from and no subscriptions were solicited until yesterday on account of the Association of Commerce drive, \$3,500 has been pledged in advance.

"We must raise this money or curtail our service," Bevan said. "We expected \$20,000 from the Community Chest and other subscriptions in 1925 but received only \$15,219, and in 1926 we expected \$28,000 from these sources and received only \$17,360. In 1927 the Community Chest was not functioning and we expected \$34,000 and received only \$18,622. As a consequence we had a deficit of \$5,033 in 1925; \$7,780 in 1926, and \$1,988 in 1927, making a total deficit of \$14,802.

Budget for Year. "Our budget for the current year requires \$14,802 to meet these deficits, \$9,000 for building fund notes, \$3,640 for building account payable, \$15,540 for building mortgage payments and interest due and \$15,887 for current operation and expenses. These items total \$58,869."

Final instructions were given the workers by Goodwin, who gave his assistance in the recent membership campaign of the A. of C. "You should not go out with the attitude that you are begging," he said.

"You are giving the men and women of Fort Worth an opportunity to invest in young boy welfare. Remember you are not out to argue ancient history or about foreign service, good or bad as it may have been."

The workers will meet tomorrow morning at 7:45 at a breakfast in the Y. M. C. A. and report the progress of the first 24 hours.

The Ladies' Aid Society of the First Christian Church served the banquet last night.

The Y. M. C. A. Needs.

THE Fort Worth Young Men's Christian Association is launching a "Maintenance Campaign" for the purpose of raising a total of \$58,869. Prominent Fort Worth men of affairs are giving the present week to the task of raising the needed amount by the well-known method of making themselves into "teams" and visiting the business houses in variously allotted districts.

Fort Worth's "Y" has always been popular with the business and professional men of the city. They know that subscriptions to that well-known organization "pay cumulative dividends in character and good fellowship." They have long recognized the influence of that nationwide association on the youth and young manhood of the country.

They have never failed to support it. When Fort Worth outgrew the old building on Texas and Monroe Streets, Fort Worth presented the local branch with one in keeping with its expansion as compared to that of the city. The Fort Worth "Y" is one of the many institutions of which we may be proud.

But it must be maintained. The men whose subscriptions made the building possible knew that. Those who are acquainted with "Y" work recognize that yearly need. It is only those who have not made contact with the organization or any of its beneficiaries who require "selling" on the idea. Those will be the objectives of the teams comprising this week's drive.

It is to be hoped that the efforts of the workers will carry the project "over the top" early in the week. It is a worthy enterprise. It is of such long established effectiveness that no one may question its value to civilization.

IN years gone by boys who loved baseball but didn't have the money to pay their way into the parks had to watch the game through the knot holes of the fence, as Elmer Lundgren and Vergil Purnell are doing at the left. Now they are invited to attend free and sit in shaded stands. The group at the left is a part of the Fort Worth Knothole Gang that greeted the Cats when they returned home Monday.

YOUNG AMERICA STILL LIKES ITS BASEBALL AT CAT PARK

DON'T let anyone tell you young America isn't still interested in baseball. Proof to the contrary is in the right field stand at La Grave Field each afternoon the Cats play at home. From 200 to 300 boys are admitted free to that stand to watch the games played in Fort Worth on weekdays—they constitute the Knothole Gang, an organized and well-ordered body.

All any boy has to do to join the gang and see the games free is to call at the Y. M. C. A. or baseball park, register and get a membership card. To date, under the direction of Herbert C. Carter of the boys' work department, nearly 600 boys have joined. About 40 per cent of them are present each afternoon.

The Fort Worth gang is one of the largest in the Texas League. Following is a list of its members:

Three \$1,000 donations were received yesterday by the special gifts committee of the Y. M. C. A. drive for \$58,869. Two of them were made by Willard Burton. One was his personal donation and the other for the Burton-Lingo Lumber Company.

The third \$1,000 gift of the day was made by The First National Bank.

Lionel W. Bevan,

BURTON, chairman of the committee, and W. T. Ladd, member of the committee, obtained all three gifts.

At a breakfast yesterday morning it was announced that \$19,418 had been collected by the 20 teams and the special gifts committee during the first two days of the drive which is to end tomorrow. The workers will meet this morning at another breakfast and report the donations they gathered yesterday.

FOUR \$1,000 GIFTS SEND TOTAL TO \$26,856

Still lacking pledges amounting to more than one-half of the \$58,869 sought for Y. M. C. A. indebtedness, workers decided Friday at a report breakfast to continue the drive next week, hopeful of reaching their goal by Tuesday.

Reports made by captains of teams and by the special gifts committee Friday morning brought the total amount raised during the campaign to \$26,856. Of this amount, general workers have secured subscriptions amounting to \$10,936 and Lionel W. Bevan, W. T. Ladd and A. F. Townsend, special subscription workers, have accounted for \$15,920.

Four \$1,000 Subscriptions.

Instead of gathering at a 7:45 breakfast Saturday, teams will meet at the "Y" building at 5:30 p. m. Friday to complete reports of their progress during the day. Wyatt C. Hedrick, general chairman of the drive, said. Although many business men will be unable to devote their attention to the campaign Saturday, workers who are able to sign prospects should file reports at the Y. M. C. A., they were instructed at Friday's breakfast.

By turning their attention to several business firms whose heads have been out of the city, the special gifts committee hopes to report subscriptions Tuesday that will swell the total to near the \$50,000 mark.

Four \$1,000 contributions were acknowledged Friday.

North's Division Sets Pace.

They were Ann Burnett Waggoner, Willard Burton, Burton-Lingo Lumber Company and First National Bank. Several \$200 and \$300 sums were secured.

Obtaining \$1,147 from 31 donors during the past 24 hours, Manager Earle M. North's division continued to set the pace for the three others in the drive, reports Friday disclosed. The five teams of the division have turned in \$4,093 since the move was launched Tuesday.

Teams directed by John B. Collier Jr. rank next with a total of \$2,671, followed by Gaylord J. Stone's division, with \$2,118. Manager R. L. Miller's group is responsible for funds amounting to \$2,054.

\$30,371 of \$78,689 Goal Pledged

Workers in the second week of the YMCA campaign expect to near their goal of \$78,689 in report to be made at a breakfast 8 a. m. Tuesday in the YMCA banquet room.

About 1200 cards are out in the drive. In the last report made Friday, \$30,371 had been subscribed by 460 persons.

Figures are expected to be boosted by work of the unofficial "hot wire" committee which will communicate with Fort Worth persons now out of the city and will solicit subscriptions from heads of concerns which have not yet donated to the campaign.

Urban Williams, Dallas, YMCA state secretary, spoke to workers at a meeting Sunday.

QUOTA BODY FOR A. OF C. CAMPAIGN CHOSEN

Appointment of a quota committee to fix the amount present and prospective members of the Association of Commerce should subscribe in the city-wide membership campaign to be held April 10-12, was announced Tuesday morning by R. E. Harding, president of the association.

First meeting of the quota committee will be held at 3:30 p. m. Friday in the offices of the Association of Commerce. The quota committee is subdivided into six classifications of wholesale, manufacturing, retail, professional, banking and general.

Committee Members.

Members of the committee are: Wholesale, William Monnig Sr., Lloyd H. McKee, Ben Keith and John B. Collier Jr.; manufacturing, John P. King, W. E. Austin, Dave L. Tandy and S. A. Middaugh; retail, W. K. Stripling, H. C. Meacham, E. T. Renfro and R. D. Halbower; professional, Dr. Wilmer L. Allison, Walter B. Scott, Thomas S. Byrne, Harley Spelman, Charles R. Vickery and Harry Walton; banking, E. E. Bewley, John Sparks, A. E. Thomas, Lon Baker, Roy Vance, C. E. Gillham, Dan Lydick and Gordon W. Hawkins; general, A. J. Duncan, Wyatt C. Hedrick, Lewis D. Fox and William J. Bailey.

Every effort will be put forth by the quota committee to make the contributions fair and relatively the same, according to Manager Jack H. Hott of the Association of Commerce. Subscriptions are being asked for as contributions to a bigger and better city, he declared.

Prospect List Prepared.

The proposed budget of \$150,000 was outlined by President Harding in a letter issued to members of the quota committee. The estimated revenue from present subscriptions is approximately \$71,000, Harding pointed out. He placed the necessary overhead at \$81,000, including \$16,000 in debts assumed through the consolidation of the Manufacturers and Wholesalers Association and the Chamber of Commerce into the Association of Commerce. In addition there are \$6,000 in commitments made by the board of directors for various purposes. On the present budget there are no funds available for the constructive work of the organization, according to Harding.

A comprehensive prospect list is now being prepared at the Association of Commerce, which will include the name of every individual, corporation and firm in Fort Worth to be solicited. The actual solicitation campaign will require the services of 471 men.

Three New Departments.

Creation of three new departments will be undertaken if the membership campaign is successful, Manager Hott stated Tuesday morning. Publicity and industrial promotion will be combined in one department. The other two departments will be for trade expansion and membership.

Approximately one-third of the total income will be used for publicity and industrial promotion work, according to present plans.

"The sum of \$50,000 for this type of work is exceedingly small in comparison with the type of work being done in other places," Manager Hott declared.

"With this amount we will have to compete with the fund of \$450,000 now being raised in Dallas, the majority of which is to be spent in the West Texas trade territory, which has always been legitimately considered our own."

Y Leagues Start on Second Half

With many of the teams adding new players, the second half races of the Church Athletic Association baseball leagues, which opened the past week, promise to be even harder fought than the opening campaign. The Senior League has changed its playing dates to Tuesday and Friday, while the Intermediate League will hold forth each Monday and Thursday.

Meeting of the umpires has been called for 5 o'clock Monday afternoon at the Y. M. C. A. All of the arbiters are urged to attend.

FORT WORTH

Y. W. C. A. TO MAKE COST SURVEY

WHAT IS MINIMUM WAGE FOR GIRL?

SOME EXIST ON \$15 PER WEEK

Can a girl maintain herself away from home on \$15 a week?

The Young Women's Christian Association will begin a survey March 15 to determine the minimum wage a girl should receive in this city to live in reasonable comfort. Preliminary estimates and interviews with girls who are living on this amount reveal a high degree of frugality, pluck and dependence upon the law of averages to provide a generous masculine provider occasionally.

"I figure my carfare only 70 cents a week, because I'm sure to get enough rides to bring it below that some weeks," one girl said.

Contrasted with the method of living among small salaried girls in other cities, Fort Worth girls live in a high degree of comfort, because many of them are able to live in private homes in rooms all their own. In larger cities they group themselves three or four in a small apartment.

Replying to an inquiry from the State Commissioner of Labor, the local Y. W. C. A. recommended \$75 a month as the minimum amount per month required to maintain an employed girl in "health and decency." This sum was itemized as follows, according to the form stipulation by the commissioner: Board and room, \$37.50; clothing, \$25; laundry, \$2.50; carfare, \$5, and incidentals, \$5.

"While the item of \$25 a month for clothing may seem high, when you consider that is only \$300 a year, it seems a small amount," Miss E. Jean Batty, executive secretary of the Y. W. C. A. said. She thought of a winter coat and several hats a year among the larger items of purchase.

"And if you don't have to buy a winter coat you have to lay in new spring and summer dresses to last two years," one girl, who makes and lives on \$15 a week, said.

Here are two budgets compiled by girls who live on \$15 and \$14 a week

\$48,000 HELD Y. W. MINIMUM

That Amount Necessary to Cover Indebtedness and Budget, Miss Batty Says.

When the Young Women's Christian Association asks Fort Worth citizens to contribute \$48,000 for its 1929 budget and to cover an indebtedness accumulated during the last four years, it will ask for the smallest sum on which it can operate, according to the board of directors and Miss E. Jean Batty, executive secretary.

"The expenditures in the itemized budget will be seen to exceed the income," Miss Batty explained. "This is because most of the privileges of the Y. W. C. A. are free and the local association has no space for the larger income producing departments such as cafeteria and residence which operate in other cities.

The budget of \$48,000 provides \$23,000 to pay the indebtedness made by mortgaging the property last year in order to pay off budget deficits of the last four years and to prevent association activities from ceasing altogether, she said.

The remaining \$25,000 is budgeted as: Administration: income, \$800; expense, \$12,971; deficit, \$12,171.20; membership: income, \$800; expense, \$930; deficit, \$130; travelers' aid: income \$200; expense, \$2,600; deficit, \$2,400; general religious and health education: \$1,190; expense, \$2,537; deficit, \$1,347; business girls' department: income, \$100; expense, \$1,900; deficit, \$1,800; girl reserves: income, \$100; expense, \$3,032; deficit, \$2,932; vacation camp: income, \$370; expense, \$472.75; deficit, \$102.70; employment bureau: income, none; expense, \$1,638; deficit, \$1,638; emergency fund, \$2,500; total income, \$3,560; total expense, \$28,580; total deficit, \$25,020.95.

and I would hate to tell you how long it took me to catch up with my budget after she left."

Precampaign Gifts Received for Y. W. C. A.

Pre-campaign contributions were being received Friday by workers, although the drive will not begin officially until Monday to raise \$48,000 for the local Y. W. C. A.

The first donation was \$2 from a working girl, and the second gift \$1,000 from a business man, it was announced by drive officials. The campaign will open at a luncheon Monday noon at the Elks Club.

Drive workers are divided into two divisions, known as the Army and the Navy. Mrs. L. M. Hogsett is general of the "land" forces and Miss E. Jean Batty, Y. W. C. A. executive, is admiral of the other contingent. Assisting in the drive will be Mmes. W. F. Armstrong, B. F. Kauffman, J. D. Covert and J. L. Raysor and Miss Olive Gray. The initial workers' meeting was held Thursday night.

MONDAY, FEBRUARY 18, 1929.

SALES CONTEST IS OPENED BY Y BOYS

Thirty boys who will sell subscriptions to the magazine and their coaches, local business men, were given a sendoff at a banquet Saturday night at the association.

Ellis Boyd, general chairman of the contest committee, has appointed personal coaches to instruct the youths in the art of selling the national Y. M. C. A. publication.

Three highest salesmen from Fort Worth will be determined through the drive which opened Monday. A state and national contest will be conducted later.

Coaches for the contest are Roy Nausbaum, Knox Thomas, R. E. Winger, Roy Beard, Harry J. Adams, Charles Laney, Paul Rogers, Frank Fillingim and Marvin Anderson. First prize in the contest will be a free camping trip of two weeks at the Y. M. C. A. camp, Weatherford. Second prize is a membership for one year to the association. In addition Boyd has offered a \$10 cash prize for first and \$7.50, second, \$5 for third. Flashlights will be given to other youths taking part who do not place in the top rank. The contest will be closed with a dinner at the "Y" Saturday at noon.

YWCA WORKERS OPEN WORK ON \$48,000 DRIVE

100 Representatives of Civic Clubs To Aid Organization

Actual solicitation for the \$48,000 for the Young Women's Christian Association for 1929 began Friday, although the campaign was slated to start Monday.

More than 100 volunteer workers from civic organizations met at the YWCA Thursday night and decided to begin work on the campaign Friday. The campaign will last thru March 1.

The workers were divided into two main divisions, the "army" and the "navy." Mrs. Luther M. Hogsett, Girl Reserve chairman, will be general for the "army" and Miss Jean Batty, YWCA executive, will be admiral for the "navy."

Women Leaders Named.

Women leaders in the drive are Mmes. W. F. Armstrong, B. F. Kauffman, J. B. Covert, J. L. Razor and Olive Gray.

Unsolicited pledges in the campaign are being received daily at YWCA headquarters, 608 West Fourth Street. The first solicitation was a \$2 check from a young business girl, and the second a check for \$1,000 from a business man. Four Girl Reserve clubs have given \$135 in the drive.

Sunday will be known as Womanhood Sunday in Fort Worth churches. Preachers and three-minute speakers will give talks on the YWCA.

Folders Are Mailed.

Special folders have been mailed and posters placed on all street cars thru the courtesy of the North Texas Traction Company.

The present indebtedness of the YWCA was explained to the workers Thursday night by Stanley Kelley, manager of the drive.

In the YWCA building campaign of 1920, \$800,000 was pledged. Of this, \$195,000 was actually collected, Kelley said. Out of that, the present building was purchased and has been operated for three years.

Failure of the Community Chest left the YWCA with a deficit, Kelly stated.

Local Chapter Lauded for Advances

Texas has shown greater advances in competitive work among its chapters during the past year than any State in the national organization, stated John Fuhrer, physical director of the Western Region of the Y. M. C. A., while in Fort Worth Wednesday. He is on his annual inspection of the athletic activities of the Y. M. C. A. organization.

Texas, divided into four sections, holds state championship play in each sport each year and through this method has developed greater competition than any State of the organization. Champions of the four sections, Northeast, Northwest, Southeast and Southwest, meet the end of each season of play in the different sports in playoffs for the state title.

Basket ball has shown a wonderful growth in Texas and Fort Worth has had no little part in the advancement of the sport, Fuhrer stated. Through its efforts the Church Athletic Association has been organized, which controls play in all athletic work of the Y. M. C. A.

Fuhrer has been connected with athletics for 24 years, 10 years of which have been with the Y. M. C. A.

For 14 years Fuhrer was athletic director of colleges many years of that time having been spent with the Kansas State Teachers College of Pittsburg, Kan. Following his work with the Kansas Teachers, he became associated with the Y. M. C. A., where he has remained since.

Fuhrer has held the position of physical director of the Western Region of the "Y" for several years. His headquarters are located at St. Louis, Mo. The Western Region comprises nine States, Texas, Oklahoma, Arkansas, Missouri, Colorado, Nebraska, Kansas, Wyoming and Montana.

Y. M. C. A. DORMITORY STEADILY PATRONIZED

The annual dormitory report of the Y. M. C. A. shows that \$26,115.96 was the income from that division last year and that the rooms in the building were occupied by 1,167 young men.

Of that number, 669 were transients and 498 permanent guests. Based on the ratio of the actual income to the total possible income, on a weekly basis, this would indicate that the dormitory was occupied to 91.7 per cent of its capacity throughout the year, R. E. Squires, general secretary, said.

The only surviving charter member of the first Young Men's Christian Association, organized in Fort Worth in 1884, W. F. Estes, 818 Missouri Avenue, remembers when a little group of 12 or 15 men met in a lumber yard and perfected an organization, one of the first and maybe the very first Y. M. C. A. to be chartered in the Lone Star State. The late George Mulkey was one of the group.

"In those days the churches didn't believe in the Y. M. C. A., because they were afraid it detracted in some way from their work," Estes, who is 63, recalled. "Most of the original members were from the congregation of St. Paul's Methodist Church, which is the Northern Methodist, you know."

George B. Loving was secretary of the first Y. M. C. A. Estes told of how Loving was converted at a "camp meeting" held in the lumber yard on lower Main Street, and immediately thereafter was elected secretary of the newly-formed association of Christian men. The revival was conducted by Rev. Mr. Pierson, Estes recalled, and described the minister as "young and full of the fire of the Lord." He was holding revivals in one city after another and in each one supplemented the revival with a Y. M. C. A. organization.

"Our chief activities in those days consisted of meeting at each other's houses and holding prayer services and talking about the duties of Christian men," Estes said.

"We hadn't any fine building, any far-reaching activities program, any of the wonderful things the present day association has. Its growth is tremendous and amazing."

Estes is a life member of the Fort Worth Y. M. C. A., as was also the late George Mulkey.

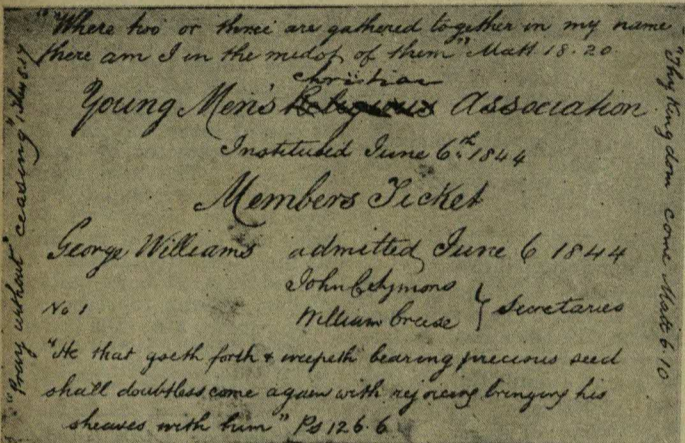

PANTHER BOYS TRIM FIRST BAPTIST QUINT

Panther Boys Club and First Presbyterian aided their standings in the Intermediate B basket ball league of the Church Athletic Association Friday night. The Panther Boys defeated the First Baptist Temple team, 46 to 15, while the Presbyterians received a forfeit from Weatherford Street Methodist.

The First Christian and Magnolia Avenue Christian quints failed to show up for the third game of the evening.

DALLAS Y's MEN

First Y. M. C. A. Membership Card

It has taken several months to transfer the records of the Downtown Branch Y. M. C. A. to the new forms to be used with the opening of the Ervay Street Building.

Not such a task confronted the Secretary of the parent Association June 6, 1844, in London, England. Twelve membership cards were written out by hand. Through the courtesy of the Denver (Colo.) Y. M. C. A. we are able to reproduce a facsimile of that issued to George Williams, the 19-year-old lad who first proposed this world-girdling organization.

The original membership card is in the possession of the Perth (Australia) Y. M. C. A., which furnished the cut from which the illustration is reproduced.

An interesting detail is the correction shown in the title. Evidently the original plan was to use the name "Religious" instead of that of "Christian," which has since distinguished the work of this Association from other clubs furnishing character-building programs.

Stanley Jones, author of the "Christ of the Indian Road," who saw the original of this card in London, made the following comment: "That was one of the most decisive lines ever drawn in human history. They decided that their movement would not be vaguely religious, but definitely Christian. That has been the driving power back of the Y. M. C. A. It is founded in the passion to lead young men into definite relationship with Jesus Christ. When it loses that and passes into being vaguely religious, it is doomed to sterility."

Y. M. C. A. TO END ROUNDUP TODAY

Range riders in the Y. M. C. A. membership roundup will begin their last day's work this morning in corraling 400 new members.

Third day reports yesterday noon showed 144 new members had been added to the rolls since the campaign opened Tuesday.

"Ranch Boss" Charles Thompson retained the lead in the division race, his workers obtaining 17 new members yesterday for a drive total of 45. "Boss" Harold Nowlin turned in 11 new members for a total of 49, but his division was in second place with points scored.

The division of Cecil Rotsch rode third, reporting five new members for a total of 24. George Bennett reported a single addition, bringing the total for his division to 26.

The 144 new members represent \$1,137 in membership fees.

A "Victory Dinner" at Y. M. C. A. headquarters will mark the close of the campaign tonight. Workers will recite their experiences in soliciting memberships.

O. T. Clark, who recently directed a successful membership campaign in

El Paso, prescribed perseverance and industry for workers in attaining their goal in his speech yesterday at the luncheon conference of workers.

'Y' AND 'Y. W.' CHORUS TO REHEARSE ON TUESDAYS

Rehearsals for the newly-organized joint musical chorus of the Y. M. C. A. and Y. W. C. A. will be held every Tuesday night at 7:30 o'clock, beginning next Tuesday. The rehearsals will be at the Y. M. C. A.

Membership is not limited, and is open to the public. Decision to organize the chorus was made Friday night at a meeting of committees representing both associations. David Ormesher will direct the musical organization.

YMCA IN FINAL DAY OF DRIVE, DINNER SLATED

Several Hundred Strays May Be Brought In Before Roundup Ends

Reports at the final dinner of the annual YMCA round-up tonight at the "Y" building are expected to add several hundred "mavericks" to the association's membership roll.

"With 85 per cent of the organization of this year's drive working in their first campaign and the alleged business depression, the drive has been made doubly difficult, but we are laying a fine foundation for next year," Squires said.

The Three D Ranch, under Charles Thompson, led the field yesterday to maintain its drive lead and take all three prizes. B. B. Longacre scored 153 points when he turned in 12 new members and \$81.76 for individual honors. This gave his foreman, Gib Wilson, high team honors and his ranch high division honors with a day's total of 17 members, \$165 and 277 points.

New members up to yesterday noon totalled 144.

The final dinner is called for 6:15 p. m.

FETE TONIGHT TO END 'Y' DRIVE

The four-day annual membership campaign of the Y. M. C. A. will come to a close with a victory dinner at 6:15 o'clock tonight at headquarters. Final reports of workers will be made. So far 114 new members have been obtained. This represents \$1,137 in membership fees.

"We already have won a victory, even if we do not get any more additions," R. E. Squires, general secretary, said Friday. "It has been two years since we have had a drive and the field was somewhat cold. Then, too, 80 per cent of our workers never have been in a campaign of this kind before and some of them are a little prone to give up after they meet a few refusals. However, they have done splendid work, considering conditions, and we have an organization which next year will be able to go out and get 400 new members.

"The group membership plan will be pushed. We already are working on a number of firms and expect to add to our rolls by getting employees to take out group memberships, the employer giving us a check for the total membership and later taking it out of the employee's salary. This plan is encouraging to us."

Homer Tomlinson will preside at the dinner. All workers are requested to be present.

So far "Ranch Boss" Charles Thompson is in the lead in the division race. His men have obtained 45 new members.

Y. M. C. A. DRIVE SUCCESS, ENDED

The Y. M. C. A. membership drive was closed last night with 317 members added to the rolls and with pledges for other memberships that will send the drive total to 401. The campaign goal was 400.

Results of the four-day campaign were reported last night by workers at a dinner at Y. M. C. A. headquarters.

The "outfit" of Charles Thompson stood in first place among the four competing divisions with a total of 119 new members. Thompson's division reported 74 memberships obtained yesterday.

Harold Nowlin's group was in second place with 87 new members; Cecil Rotsch, third, with 48, and George Bennett, fourth, with 42.

\$2,506 in Cash Netted.

In Thompson's division, the team headed by G. A. Wilson won first team honors by reporting 52 members obtained yesterday.

At the close the drive had netted \$2,506 in cash.

John Henry, Dallas, state Y. M. C. A. secretary, reported that Judge Hal S. Lattimore, Y. M. C. A. board president, yesterday obtained 34 memberships, apportioning them among the four divisions. Twenty-one other memberships were obtained but not reported in time to apportion.

Henry complimented the workers, declaring they had laid the foundation which would be even more successful next year. Henry directed the drive by consent of the state board.

Pledge 84 Memberships.

Homer Tomlinson, "big boss" of the four "outfits," generously commended the results obtained in the drive.

Judge Lattimore said the campaign, the first in several years, had provided workers with information which will stand them in good stead in subsequent drives.

Eleven of the workers, headed by Lattimore, pledged themselves to report a total of 84 new memberships within 10 days. The others of the group are G. A. Wilson, Nowlin, J. G. Sweeney, David Ashley, Charles Tabor, Harry Lewis, E. O. Gilliam, B. B. Longacre, R. P. Wilson and C. P. Penrose.

At the suggestion of Secretary R. E. Squires of the Y. M. C. A., the workers voted to invite Henry to direct next year's drive.

YMCA ROUNDUP IS NEAR GOAL

Rough Riders to Bring Total To 401 New Members

Rough riders of the YMCA roundup were busy today, hunting additional mavericks to make the total new membership of 401.

After about 300 new members were reported at a final roundup dinner last night at the "Y" building, the rough riders organized and vowed to bring in enough others to make the campaign total 401.

The official total reported last night was 299 members, \$2,506 cash and 18 additional members promised by regulars working today.

Rough Riders

The rough riders, led by Judge Hal Lattimore, are B. B. Longacre, Gib Wilson, R. P. Wilson, Harry Lewis, Harold Nowlin, E. O. Gilliam, C. P. Penrose, David Ashley, Charles Tabor and J. D. Sweeney.

Wilson's team brought in 52 men for the same ranch, to win daily and contest team honors. The Thompson ranch total for the campaign was 119 members and \$1,091 cash and 1601 points.

The 6666 Ranch of Harold Nowlin was runner-up for contest honors, with 87 members. Cecil Rotsch's Corkscrew Ranch was third with 48 and the Lazy D of George Bennett fourth with 45.

Lattimore Talks

Judge Lattimore, YMCA board president, made the principal talk of the evening.

"While I feel unqualified to say anything, I feel that we have done mighty well," he told the organization.

State Secretary John Henry and Judge R. H. Buck also made short talks.

The four-day campaign brought in 317 additional members. Judge Hal S. Lattimore, president, and 10 others took it upon themselves to obtain the 84 memberships so that the drive goal of 400 could be reached. With the 84 added the total will be 401.

Judge Lattimore's helpers will be G. A. Wilson, Harold Nowlin, J. G. Sweeney, David Ashley, Charles Tabor, Harry Lewis, E. O. Gilliam, B. B. Longacre, R. P. Wilson and C. P. Penrose.

BOWDEN SEEKS UNIFORMITY IN WELFARE WORK

Unemployment Situation Is Discussed Before Workers Club

Fort Worth must not be a haven of rest for the hobo, the panhandler and professional beggar.

This was the plea of Dr. Henry G. Bowden, Community Chest executive director, before the Social Workers Club last night at its first fall meeting at The Westbrook.

His talk was on the problems that the social worker will have to confront this winter with its serious unemployment problems.

"Look your job square in the face," Dr. Bowden said.

"If Fall and Winter are to be normal with no very severe weather here, we are still confronted with an unemployment

situation which creates a serious economic problem.

Check Every Case.
"The Bureau of Welfare Registration, which will be established, is in no sense an employment office. It is an attempt to get the facts as they have to do with the need of the community. In short, it is a demand for action.

"Every case that is registered at the bureau will be checked through the social service exchange."

He said that money for distribution to the needy should not be put into the hands of the volunteer worker.

"Volunteer registration and some volunteer investigation may be wise, but to put into the hands of the volunteer money for distribution without correct case work will not meet the need. On the contrary, it will encourage waste.

Bread Line Is Waste.
"To say that the volunteer

can take the place of the accredited social worker is more than foolhardy. In an hour of emergency, there is more need for accredited social work than ever before.

"We must sell Fort Worth on the idea that social work itself is not primarily a relief-giving measure. Remember the old statement, 'A dollar spent in correct social work, if properly applied, is worth \$25 in emergency relief.'

"The bread line and soup kitchen, with their attendant misery, duplication of effort and

waste is the line of least resistance.

"However great the test, we must not degrade social work with the bread lines and soup kitchens."

A. J. Fulkerson, Boy Scout executive, was installed as the new president of the club.

Boys Enthusiastic as First Week at Camp Holland Ends

Special to The Star-Telegram.

CAMP HOLLAND, June 13.—It's nearly a week now since 25 Fort Worth boys pitched tents on the grounds of Camp Holland and set out with great gusto to learn about shrubs and flowers, fossils and fungi, swimming, boating, horseback riding and camp eating.

At the end of six days, their sunburn just achieving the lustrous tints of a full-ripe tomato, the boys are still jumping to life with the dawn, eager for the day's thrills at camp.

The thrills held in each day for the boys at Camp Holland would make staid business men and city-weary stenographers heave great sighs of envy. Up at 6:30 a. m., at the first sound of reveille, they hop into bathing suits for a plunge in cool-glass-clear waters of Holland's Lake, just three long strides, a skip and a jump from the tents of the camp itself. The tantalizing odor of frying bacon lures them back for breakfast.

Miniature Yachts to Race. Breakfast over and the day belongs to the boys. Some spend their optional hours in fashioning with infinite patience the miniature yachts for the lake regatta. Sunday all the yachts and sailboats completed so far will be matched in a skimming, thrilling race while boys and their visiting parents and friends look on and cheer.

Other campers prefer the chase for bugs and butterflies. Half a dozen keep their pockets bulging with microscopes, pins and specimen boards and rush back to camp with each new find to study and classify their zoological subjects. If their quarry is interesting, they place it on the bulletin board covering a corner of the messhall, with adequate notations so that other campers may view it.

One group, legs bare and exposed to the sun may climb on the camp horses and go for a gallop. Another may arrange impromptu contests to test their skill in archery, athletic prowess and baseball pitching control. Still another cluster may be chattering with animation over some problem of woodcraft.

Another swims with lessons in strokes, diving and first aid comes in the afternoon. The bugle call announces supper shortly before sundown. And, after supper, comes the open camp fire, camp fire with stunts, stories and songs. Cots in the breeze-swept tents—the tents, by the way, have distinctive names — feel good when the day is done.

G. A. Holland, Weatherford banker, who owns Holland's Lake, twin log cabins that house an infinitely interesting museum and the grounds of Camp Holland, is patron saint to the Y. M. C. A. boys. In little groups he takes them squirrel hunting, or on gypsy trails. And all of them will have learned the historical facts and interesting legends connected with the cabins and their relics before their camping days are over.

Camp Counselors. Camp counselors direct the boys' nature, swimming and craft study. C. G. Fairchild is director. Other teachers are: Allan Harrison, nature study; Byron Saam, assistant in nature study; David Ashley, swimming; J. B. Petta, crafts; Jimmy Kincaid, athletics, and Neven Kensel, woodcrafts.

The first group of boys will remain in camp until next Saturday night, when they will be replaced by a second group. A few, however, will join the second crowd and extend their stay to a month.

'Y' TENNIS PLAYERS IN THURSDAY MATCHES

S. B. Adler, J. G. Robinson, Fred Skragg and Edwin Wroe were the winners Thursday afternoon in the Y. M. C. A. tennis league. Adler defeated E. O. Taylor 6-0, 6-2. Robinson downed O. Miller 6-2, 7-5. Skragg beat E. Bowen 6-2, 6-0. Wroe won from Albert Couchman 6-1, 6-2.

YMCA Will Hold Swimming Carnival

The YMCA will hold a swimming carnival Saturday night at Camp Holland near Weatherford. Members of the Y will participate in diving and swimming contests. The public is invited.

SUMMER CAMP PERIOD BEGINS

Many Fort Worth Boys and Girls Have Gone or Will Depart Soon for Outings.

Many Fort Worth boys and girls will spend from two weeks to more than two months in camps here and elsewhere this Summer.

Scores of the city's youngsters already have departed or soon will begin the trek to Boy Scout, Campfire Girl and other camps for Summer outings. Older groups of young people, young men and girls in their teens, will attend private camps or serve as leaders in the encampments for the younger group.

Sleeping out in the open, hikes, swimming, horseback riding, fishing, boating, nature study, woodcraft, daily exercises, organized games and a rejuvenated appetite—those are some of the things which await the Summer camper.

Many of the camps for boys and girls have been organized so well that there is little if anything to be desired. Daily activities are planned months in advance and leadership is selected carefully.

Some of the larger camps remain open all Summer, one group spending from two weeks to a month and then leaving to allow another group to come in. This type of camp usually is a permanent one with camp buildings and grounds that are kept in good condition the year round.

In other instances the campers are required to help set up camp and to aid in breaking camp at the end of the outing period.

Locally there are a number of camps within easy reach, including Camp Civitan, encampment at Lake Worth for Campfire Girls; Worth Ranch, in Palo Pinto County, considered the finest Boy Scout camp in the country; Camp Holland, the Y. M. C. A. camp at Weatherford, and Boyville Gardens, the Panther Boys' camp at Lake

Mystic for girls at a camp in the Camp at Siloam Springs, near and Camp Cimarroneita in Northern Texas; Camp Mary White, near Cloudcroft, N. M., regional camp for Girl Scouts; Camp Lookout, Idaho Springs, Colo.; Camp Momobinox, in Colorado; Camp Nakanawa, Mayland, Tenn., and many others.

The Community Chest.

THOSE Fort Worthians who are producers and who have not made contribution of as much as one day's pay to the Fort Worth Community Chest are not able to include "Happy New Year" in the grand chorus due to arise from the best conditioned and most progressive city in the Southwest.

It is impossible to say "Happy New Year" while the one voicing the sentiment has not aided in the provision for those who will not have food, clothing, medical care and housing facilities unless the Community Chest supplies them. It can not be a "Happy New Year" while denying other persons the right to eat and keep warm.

Being a producer—wage earner, salaried employe or business owner—is more heavily charged with duty than privilege. Selfishness is not alone a most despicable trait—it is a flaw in community economics. If the inevitable burden of support of charitable, character building and public service organizations were assumed by the community producers on a percentage basis the figure would be too insignificant for hesitation. Because some people are generous and other people less so to the borders of utter selfishness, there must be heavy contributions of time and money on the part of that portion that carries no greater personal obligation than any other citizen.

If a committee were to run down all those who have made no donation and those others who have subscribed 50 cents in lieu of a day's wages, the great majority would "come across" without any argument. If announcement were made that those who obviously could have subscribed but who have not will be made into an alphabetically arranged list and passed out as handbills on the streets, there would be a certain marked increase in "voluntary" contributions.

Those things will not be done. But it is the duty of every Fort Worthian to conduct himself as though those alternatives existed.

Citizenship gives no privileges of exemption from participation in community humanitarianism. Gregarious instincts are the basis of civilization. The word itself is in direct contradiction to the practice of selfishness within the group formed by the urge that begat with mutual primitive needs.

Get in on the Community Chest and make it possible to say "Happy New Year" to Fort Worth—the city that has supplied its citizenship with as great opportunity and as fixed stability of values as any in the land.

SHERWOOD EDDY SAYS SOCIALISM WILL END WARS

Former YMCA Worker Tells How World Conflict Changed His Views

By HARRY FERGUSON United Press Staff Correspondent

NEW YORK, Jan. 30.—Sherwood Eddy, listed by such authorities as Rabbi Stephen S. Wise as one of the 12 greatest leaders of our age, has embraced socialism because he considers it the surest way of saving a world which he believes may be spinning down the years toward chaos.

His retirement from YMCA work, to which he has devoted 40 years of his life, has nothing to do with socialism, he told the United Press in an interview today, and he emphasized that never in his association with that organization had there been any attempt to restrict his freedom of political thought and conscience. Eddy is retiring because he has reached the arbitrary age limit of 60.

Until the World War, Eddy said, he had been a conservative Republican, but his experiences on the edge of the battle lines in France convinced him that he must turn his energies into new political channels.

Seven-Fold Program "I realized then," he declared, "that unless something was done, the world was going to be caught between the twin fires of anarchy, as expressed in much of our modern lawlessness, and tyranny, as symbolized by dictatorship. Socialism seemed to me to be the surest way of curing man's inhumanity to man. I read about it; studied it; and thought about it. That's why I am a socialist today."

He enumerated a seven-fold program which he will expound in a series of lectures at colleges throught the country. It included such varied items as "The Revitalization of Religion," campaigns to abolish war, recognition of Soviet Russia and birth control.

"We are fortunate to be alive in this age," he said, "for I am confident that when the great-grandson of H. G. Wells, or some other person, sits down sometime around the turn of the next century to write another outline of history, he will record this age as one that was as significant as the Reformation, the Renaissance or the French Revolution. Because it will be known as the age, I believe, when the movement to end war had its inception and gathered momentum. We might as well face the facts. There have been 40 wars in the last century, and they have been so destructive that it is doubtful if the world can have many more without plunging into chaos.

Socialism Best Weapon "I want to have a part in this great campaign against war, and I believe socialism is my best weapon. In a few days I shall be starting out on a lecture tour of the colleges, not to expound any particular brand of politics but to try to win youth—our best source of strength—to join in this war against war. I am not saying there will never be another war; but I am saying that unless we control it in less than four generations we are consigning the world to oblivion. Outlawing of war is no more impracticable than the outlawing of slavery."

Eddy thinks religion must change, not in doctrine but in methods; that "dead branches of aetisicism and puritanism" must be pruned away. And in this crusade there will be no lack of leaders, Eddy believes. He mentioned Ramsey MacDonald as a prophet of the new political age and said that the 21st century would write down among the major saints of history the name of Mahatma Ghandi.

NEGRO TI

\$1 ADMISSION IS DECIDED UPON

Ticket sales for Will Rogers' appearance before negroes Friday night at 7 o'clock at Mount Gilead Baptist Church went on sale at \$1 each Thursday morning at the Temple Drug Store and Grant's Drug Store on East Ninth Street. Proceeds of this engagement will go as the Fort Worth negroes' contribution to the Red Cross drouth relief fund. Many negro tenant farmers are now being helped by the Red Cross.

S. H. Fowler, secretary of the negro Y. M. C. A., is in charge of the distribution of the tickets which went on sale at the Y. M. C. A. Wednesday night. He is urging negro churches, lodges and other organizations to help have a representative audience present to hear the famous humorist.

It previously had been announced that a free will offering would be taken but the leaders among the negroes have decided that it would be best to charge an admission of \$1.

L. M. Johnson, principal of the I. M. Terrell High School for negroes, has instructed his teachers to announce the Rogers engagement to the pupils and ask them to notify their parents.

Among others who are assisting in promotion of the event are Rev. S. R. Prince, Mount Pisgah Church; Rev. A. W. Pryar, Mount Zion Baptist; Rev. H. A. Carr, Allen Methodist Chapel; Rev. J. W. Washington, Shiloh Baptist; Rev. George Bell, Morning Methodist; Rev. K. W. McMillan, St. Andrew's Methodist, and Rev. J. H. Winn.

APPEAL TO END CHEST DRIVE IN '30 MADE

Announcing new subscriptions and additional gifts from individuals and firms that already had subscribed amounting to \$2,198.75, bringing the total to \$271,560.46 or within \$6,078.90 of the 1931 quota, the Community Chest campaign committee, of which R. O. Dulaney is chairman, Saturday night issued an appeal to all workers in the 1930 campaign organization and to the public to complete the campaign by Jan. 1.

New subscriptions reported Saturday included \$1,700 from the special gifts committee of which E. A. Landreth is chairman, \$55.75 from the employe division, and \$443 from the general sales army and the newspaper appeal.

"There could be no better beginning for the New Year than for Fort Worth to be able to announce the successful completion on that day of the campaign for the 1931 Community Chest budget," Dulaney said. "A check of subscriptions already in and of the prospective subscribers not yet reached shows that with a little more work on the part of the campaign organization we can complete the quota of \$277,639.36. This can be done with special effort by Thursday, New Year's Day."

The 1931 pledge card is reproduced again in The Star-Telegram on request from the campaign committee, which reported pledges still being received as a result of the pledge cards published more than a week ago.

A voluntary \$100 subscription, made on a pledge found in a newspaper more than a week old, was received at the chest office Saturday, according to Dr. Henry G. Bowden, executive secretary of the Community Chest, who is receiving the late reports. Those who have not been solicited by workers are urged to use the pledge card reproduction, sending their subscription immediately to the Community Chest, 910 Commerce Street.

New gifts of \$10 and over reported Saturday follow:

Albert D. Evans and Shield Company, Inc., \$100; Prall-Huff Company, \$60; F. B. Walker, \$50; Mrs. Baird's Bakery Employes, \$42.75; G. R. Kinney Company, \$30; John Clay and Company, \$25; McChesney Hill & Co., \$20; Bertram L. Smith, \$12; Dick Graham, J. P. McCormick and W. A. Sullivan, \$10.

House for Police Puppy Is One of Main Hobbies on Display at YMCA

Listed first among 9-year-old James Bradley's hobbies is his police puppy, Snooks.

James' second hobby is making Snooks a house, which he plans to enter in the Y. M. C. A. Hobby Show, being held in the basement of the Y. M. C. A. building. Snooks' house is a colorful affair, red with a green roof, and has his name in yellow letters across the front.

Although James didn't take into account the inevitable expansion of his puppy when he built the house, he believes it will fit Snooks for a time at least, and will by all means lend color to the Hobby Show.

The crafts shop at the Y. M. C. A. is filled each day with the banging of hammers, smell of fresh paint and chatter of boys, busy completing their entries for the Hobby Show.

On a table in the shop rests an airplane model, glittering with silver paint, which three members of the aviation class are building for the show. F. D. Collins, 14; Jack Wilson, 12, and Alex Marshall, 15, are building the plane with the assistance of J. B. Petta, crafts instructor, and Milton Coffey.

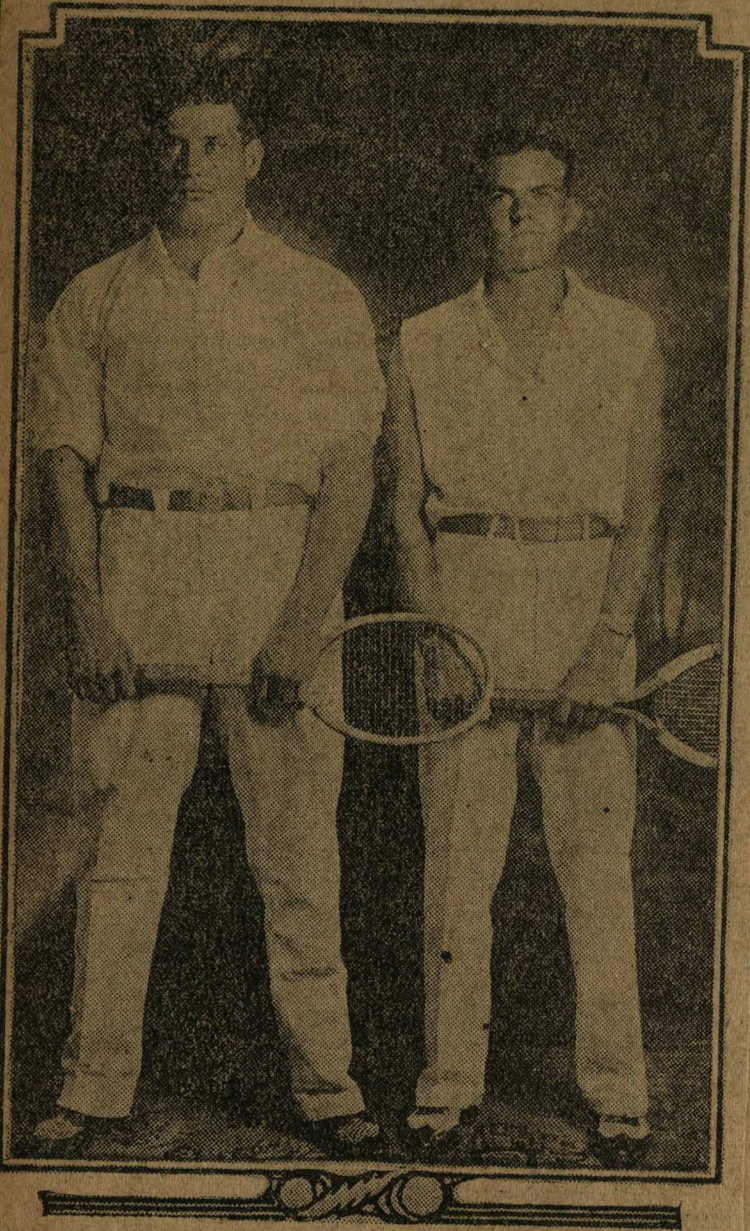

Norman Chenault, 11, and Billy Dickson, 12, are making boats, weather vanes and various leather work which they will enter in the show. Herschel Fisher, 16, will have two oil paintings as his hobby in the exhibit.

At least 100 boys will have entries in the show, according to C. G. Fairchild, director of boys' work at the Y. M. C. A. Thursday's display marks the sixth anniversary of the Hobby Show.

Education Does Pay!

"—and You Can Train on the Job for the Job"

Most young men and women in business today take things as they come . . . trust to luck . . . don't look ahead. The people that are assured of positions today and are in line for the next promotion are those that are the most efficient and are trained in their line of endeavor.

Some of them say they can't work and go to school, too. But not since the establishing of the United Y. M. C. A. Schools, one of which is the Fort Worth Y. M. C. A. Night School of Commerce, where you take a practical business course after work hours at a very nominal tuition. The young man or woman that continues to succeed are the ones that keep studying.

YOUR EDUCATION IS NEVER COMPLETE

Bruce Barton tells of two young men that started in life with the same chances, both started to work at \$10 weekly. One started to night school, the other didn't. One continued to study as he progressed, the other was satisfied and didn't study at all. One is still studying, even though he has a very important position and is financially independent, and is still progressing. The other never passed further than a job as salesman, and a salary that was considered fairly good of a young man 25.

RIVER CREST DEFEATS

Y. M. C. A. TANK TEAM

River Crest Country Club's swimming team swamped the Y. M. C. A. entries in a dual meet held Friday night at River Crest. The winners allowed their opponents only one third place in the eight races, upholding a record of wins which has not as yet been marred by an entry in the loss column since the sextet was organized.

Honors were equally shared among the flashy tank aggregation composed of J. L. Howell, captain, Bill Steele, Walter Allen, George Polk, Seth Garrison and Frank Wells. In winning the match they also gained possession of the cup offered by Raymond "Rags" Matthews to the triumphant team. All the swimmers wearing the colors of the River Crest Club are veterans of many tournaments held throughout the State in the past six years.

Getting off to good starts in all the dashes, the victors were able to maintain a good lead and steadily run up the score in their favor during the one-sided affair.

DRIFTERS PROBLEM TO YWCA JOB BUREAU

Many Applicants Seek Cash to Go Elsewhere, Says Mrs. Glenn

The greatest problem with which the YWCA employment department is having to cope with now is the "drifter," according to Mrs. Lonnie B. Glenn, employment secretary.

More than 10 per cent of her interviews for jobs are with persons who drift into town hoping to make enough money to take them on to the next place. They can offer no recommendations and are never satisfactory, if a job is found.

Mrs. Glenn placed 40 girls and women in jobs in August. The jobs filled were mostly domestics and practical nurses.

She made five placements out of town, one of which was in New Mexico.

She had 234 interviews with girls and women wanting jobs. The majority of the interviews were with middle-aged women supporting families.

In July, she placed 43 girls and had 197 interviews.

The Y. M. C. A. Drive.

An organized force of progressive Fort Worthians is actively engaged in raising an amount of money sufficient for the needs of the Young Men's Christian Association for the ensuing season. That amount is \$32,000.

The Y. M. C. A. represents a considerable civic asset to Fort Worth. The building is something of which the metropolitanism of the city may well be proud. The "Y" is, by its very nature, an organization which depends largely on the support of those people who believe it to be a good investment to finance such activities as it sponsors.

The arrangements for the present "drive" are most comprehensive. The workers will call alike on the individuals of larger and smaller local interests. If each will subscribe in proportion to the personal ability with an acute understanding of the relative values involved, the work will be done quickly and thoroughly. The amount is not large when the basic value of the material plant and the benefits to the city's young men power is considered.

Fort Worth can not afford to permit its Y. M. C. A. to deteriorate. The investments in money and influence are too great.

THE WHY OF THE Y. M. C. A. CAMPAIGN.

THE 1929 budget campaign of the Y. M. C. A. is now in progress. Solicitors are calling upon citizens to contribute a total of \$32,000 to complete financing of the institution's work for the next year. This is a reduction of nearly \$9,000 from the budget of last year, a reduction made possible by the reduction in the mortgage debt of the institution, and reflecting efficiency and economy in the conduct of the institution's affairs. The Y. M. C. A. thus comes before the public on a sound footing. It is expanding its work, rendering more and wider service to the public, and at the same time asking for less from the public in the way of contributions.

Solicitors for the fund, according to those in charge of the campaign, encounter oftentimes the question, spoken or implied, "Why does the Y. M. C. A. have to ask for money?" The thought behind this question is that the Y. M. C. A. should be self-sustaining—just as is a social club or other such organization. But the Y. M. C. A. is not self-sustaining for the very good reason that it is not merely a social club. The organization does require fees adequate for services rendered from those who are able to pay them. But the most effective and most worthy service of the Y. M. C. A. is not that rendered to those ready and willing to pay more than the nominal fees which are prescribed. The reason for the Y. M. C. A.'s existence is its service, as an agent of society, health and morality, to the underprivileged, especially to boys and young men.

In order that the usefulness of the Y. M. C. A. shall not be curtailed in this most important work, and in order that its benefits shall not be denied to any youth, it is necessary that a more than pro rata share of the expense shall be borne by the more fortunate.

Many members pay excess fees because they are able to do so and because they recognize the necessity for a sharing of the burden not on the per capita basis but on the basis of ability to bear it.

And if it were merely a matter of financing the work of the Y. M. C. A. done for its members exclusively, this would be enough. But the Y. M. C. A. has risen to meet the need for operation in a field of community and social service which is strictly a public concern. It reaches out to take in the poor boy and the underprivileged boy, to rescue him from the handicaps of his environment in order that he may become a good citizen. This tremendous work takes importance to the community. It is upon this, and that of the other services which the Y. M. C. A. performs for the community as a whole, that the public assistance is predicated. There are many reasons for public support of the Y. M. C. A. Not the least of them is that by so doing the community establishes its proprietorship of the Y. M. C. A. for human welfare and advancement.

Y. M. C. A. JUNIORS WILL START ON CAMP MONDAY

First period of Summer camping for members of the Junior Department of the Y. M. C. A. will begin Monday at Camp Holland, Weatherford. Arrangements for the camp are in charge of C. G. Fairchild, boys' work secretary, and H. W. Carter, assistant secretary.

Forty-two youths have enrolled to attend the first of the three camp periods. Each group will stay at the camp for two weeks. Applications for the last two periods are now being received at the office of the secretary of the boys' department.

\$5,284 RAISED BY 'Y' DRIVE WORKERS

Team workers in the Young Men's Christian Association finance campaign reported a total of \$5,284 at the initial luncheon rally Wednesday noon at the "Y."

A number of team captains were unable to attend, resulting in a lower total report than was anticipated, but those reports will be combined with the totals for Thursday. All workers are expected to meet Thursday at 12:15 p. m. for the second report.

Division B, led by Temple Harris, was high Wednesday with \$1,813, and the team captained by Sidney Agee in that division led the individual teams with \$1,304. The complete report for the day was 136 subscriptions, \$1,334.75 in cash and \$5,284 in pledges.

The pledge totals by divisions were: Division A, J. N. Whitehurst, \$545; Division C, T. H. Churchill, \$715; Division D, R. C. Martin, \$1,420; Division E, W. B. Cayce, \$578, and Division F, J. W. Moore, \$212.

'Y. M.' Fund Drive Reports Due Today

The total cash reported Thursday amounted to \$995.83, with the total pledges being \$3,040.50. General

\$8,379 RAISED IN 'Y.M.' DRIVE

Martin Asks Goal of \$32,000 Be Reached When Final Report Is Made Tonight.

Appealing to team workers and prospective contributors alike to do their best today for the Y. M. C. A. finance campaign, Fred A. Martin, president of the "Y" board of directors, last night expressed confidence that such co-operation would "finish the job" at the final workers' rally tonight.

With a campaign goal of \$32,000 and with \$8,379.50 representing the sum of their efforts since the drive was launched Monday night, the more than 100 campaigners face a challenging task in the short time left to complete the fund. Martin pointed out, but he believes it can be done with all concerned doing their part.

Ellis H. Boyd, general chairman, also declared his confidence in the ability of the working staff to finish the campaign tonight.

"From the first I have believed that this campaign could be put over in 24 hours," Boyd said at the luncheon meeting Thursday at noon. "We still have more than that much time in which to work and with more than one-fourth of the amount raised. This campaign must be finished. You are all busy men, but why not give a liberal amount of your time in this last day of the drive and finish it up? The Y. M. C. A. must have this money to be successfully operated this year, so let's raise it and have it all over with."

Final reports will be made by the teams at a dinner tonight at 6:15 o'clock at the "Y." The meeting will adjourn at 8 o'clock. Women of the First Methodist Church will serve the dinner. Places will be reserved for the entire campaign force, Ralph E. Squires, general secretary, stated.

The total report at Thursday's meeting was \$3,040.50. The workers reported 145 subscriptions Thursday, making a total of 233 for the campaign.

Division B, headed by Temple Harris, led the group again Thursday with \$627 subscribed. The other divisions reports were: Division A, J. N. Whitehurst, \$495; Division C, T. H. Churchill, \$357.50; Division D, R. C. Martin, \$410; Division E, W. B. Cayce, \$536, and Division F, J. W. Moore, \$615.

Fred A. Martin, president of the board of directors of the Y. M. C. A., who is serving as chairman of the special gifts committee for the annual Y. M. C. A. finance campaign. Martin appealed to workers Thursday to "finish the job" at the final rally tonight.

'Y' DRIVE DUE TO BE CONCLUDED TONIGHT

Soliciting more than 2,000 prospective contributors to the Young Men's Christian Association finance campaign was the task faced by team workers on Friday morning in their effort to complete a \$32,000 fund by tonight.

Individual team statistics brought up to date Friday morning by R. H. Marsh, business secretary of the Y. and campaign statistician, showed the three days of team soliciting hardly had scratched the prospect lists.

"If organized effort on the part of the teams in the remaining hours before the final report tonight is put forth and enough of the prospects are seen, it still is possible for the drive to be completed," Marsh said.

The workers will meet at the Y. M. C. A. tonight at 6:15 o'clock for a dinner and the final report of their results. Appeals were issued Thursday by Ellis H. Boyd, general chairman; Fred A. Martin, board president, and Ralph E. Squires, general secretary, urging the campaigners to give several hours to soliciting for the drive today. Martin promised a substantial report from the special gifts committee tonight.

Reports made Thursday showed that a total of \$8,379.50 had been contributed in 233 pledges. Squires urged that every worker attend the dinner tonight as places will be set for all of them. Women of the First Methodist Church will serve.

\$13,414 RAISED IN 'Y.M.' DRIVE

\$5,050 Subscribed in Last Day, Reports Show; Final Return to Be Thursday.

The Y. M. C. A. finance campaign period was concluded Friday night with \$13,414.50 contributed, but the workers unanimously voted to postpone the final report until Thursday at noon to allow solicitation of other prospects.

Reports of the teams showed that \$5,050 had been subscribed since the luncheon report Thursday at noon. A total of 333 subscriptions were secured during the campaign period.

Leaders of the drive expressed disappointment that the fund had not been completed in the allotted time, but they stressed the fact that money must be raised, no matter how long it requires, and that as much time as possible be given by the team members between now and next Thursday to procure additional gifts.

To Continue Drive. Ellis H. Boyd, general chairman, expressed appreciation to the workers for their time and efforts and thanked them for the willingness to extend their services for six more days in an effort to raise the \$32,000 sought.

The workers extended a rising vote of thanks to Boyd for his services as leader of the drive, several men assuring the campaign chairman that "the fund will be raised if it takes until Christmas."

It was pointed out by Ralph E. Squires, general secretary, that nearly 2,000 prospective contributors are yet to be interviewed and that even a mediocre average of results would complete the fund.

Average Is Higher. It was said that the result thus far in the campaign had been far from discouraging, the average subscription being higher than in any former campaign, and that the maintaining of even one-third of that average with the remainder of the prospects would more than raise the \$32,000.

All workers in the campaign were asked to keep their lists, work them as much as possible, and report at a luncheon Thursday, when the final report will be made and the lists turned in.

Y. M. WORKERS GET \$8,379.50

The second report of workers in the Young Men's Christian Association finance campaign Thursday at noon brought the drive total to \$8,379.50 with the campaign scheduled to close Friday night.

Division B, headed by Temple Harris, led the field for the second time with a total of \$627. Other reports by divisions are, Division A, \$495; Division C, \$357.50; Division D, \$410; Division E, \$536, and Division F, \$615.

The total cash reported Thursday amounted to \$995.83, with the total pledges being \$3,040.50. General Chairman Ellis H. Boyd expressed confidence that the teams will put over the campaign even in the short time left, explaining that a number of large gifts are expected to be reported Friday by members of the special contributions committee.

The final rally will be held at 6:15 p. m. Friday at the "Y" when dinner will be served to all the workers. The meeting will adjourn at 8 p. m. Boyd said.

Y. W. SECRETARY TELLS WHERE 'MONEY GOES'

"Where does our money go?" was the burden of a questionnaire sent out by one of the largest industrial organizations in Fort Worth to the Y.

tical, social, intellectual and spiritual. It is constructive and preventive in character rather than reformatory. Its work is carried on in many lands and its membership includes all races, a nationalities, creeds and classes."

To the question relating to underprivileged girls, the reply was: "Naturally it is the underprivileged girl, or the girl when in need of protection, employment, personal advice, supplementary education, physical exercise, recreation or friendship that appeals to the Y. W. C. A., and the majority of girls who come are of this type. It is often true, however, that the girl or woman not in need of material help is the most heart-hungry and needs the association most. The Y. W. C. A. exists for every woman who needs it, whatever her station."

Not Self-Supporting.

Regarding self-support the reply was: "The Y. W. C. A. is not self-supporting and unless the circumstances are very exceptional never can be self-supporting. For a large part of its service no charge is made. A residence accommodating several hundred girls can be made an income department. Other than this the only income is derived from memberships of \$1 a year and a class fee which can rarely be made to cover the cost of instruction, equipment and administration. If a cafeteria is conducted that is self-supporting."

"In Fort Worth the association has only space for eight or 10 girls, two in a room, and is not so located to make a cafeteria practical. Therefore its only internal income is from membership, small gymnasium fees, general education fees and the few transient rooms."

"Contributions from outside sources for the past three years have been negligible because of the failure of the Community Chest and therefore lack of proper lists, trained leadership and experience in fund raising. Because of the reduced budget the volume of work has had to be reduced instead of being able to take advantage of a normal growth in this city. This year we are making an effort to get back to normal and to this end are asking for \$48,000. Of this, \$23,000 will pay back indebtedness and \$25,000 be used for the 1929 budget."

Membership \$1 a Year.

About overhead expense "before the money reaches the girl" the association had this to say: "We consider every cent expended is in the interest of the purpose we are trying to accomplish, whether it goes for heat, light, insurance, equipment, service or other necessary purposes. A very careful annual budget is made by the finance committee and voted upon by the board of directors."

"For the past several years these budgets have not been raised in this city and the association has had to carry on with little money. The money is invested in service to girls as in the travelers' aid, finding employment, lower rates or often free shelter, affording them opportunities for development along many lines rather than by giving them money. While in many of these ways we do 'relief' work, our great effort is to save the girl from needing relief or to keep her from becoming 'out and down.'"

"The membership fee in the Y. W. C. A. is \$1 a year and is a testimony of interest and desire to make the privileges of the association possible rather than compensation for those privileges. This fee is uniform throughout the United States and is made small so that no girl may be prohibited from becoming a member. The class and club fees are paid only by those taking advantage of classes or special clubs and room rent by those occupying the rooms. Other than this the girl who pays nothing or is not a member has advantage of every opportunity which the association offers."

The questionnaire answers concluded by thanking the company for its interest and by inviting any constructive suggestions as to how the Y. W. C. A. may serve it.

FORTY WOMEN TAKE FIELD IN Y. W. DRIVE

Forty women campaigners, working in two divisions under the titles of "Army" and "Navy," Monday morning at 10 o'clock began a drive to raise \$48,000 by March 1 for the Young Women's Christian Association. The campaign was discussed at a luncheon held for the workers Monday at 12:15 p. m. at the Elks Club.

Heading the two divisions are Mrs. L. M. Hogsett, "general" for the "Army" and Miss E. Jean Batty, "admiral" for the "Navy."

Working under the "general" are the following "colonels": Mrs. W. F. Armstrong, Mrs. B. F. Kauffman and Mrs. H. S. McKeever. "Ensigns" under the "admiral" are Mrs. J. D. Covert, Mrs. J. L. Raysor and Miss Ollie Gray.

Needs for the \$48,000 are explained by the following budget:

Current expenses for 1929, \$28,580. Deficit for four years, \$23,000. This makes a total of \$51,580, which with the present income of \$3,560, leaves \$48,000 to raise. Members of the board of directors of the association who are assisting in the campaign, are: Mrs. M. O. Andrews, Mrs. Covert, Mrs. Littleton Harwell, Mrs. Wyatt Hedrick, Mrs. E. L. Howard, Miss Elizabeth McDonald, Miss Janet Straiton, Mrs. Armstrong, Mrs. L. C. Day, Mrs. Cass O. Edwards, Mrs. Kauffman, Mrs. McKeever, Miss Gladys Pittenger, Mrs. B. C. Y. W. SECRETARY TELLS WHERE 'MONEY GOES'

"Where does our money go?" was the burden of a questionnaire sent out by one of the largest industrial organizations in Fort Worth to the Young Women's Christian Association on the eve of the association's campaign for \$48,000, which will begin next Monday morning and end Thursday night. Of this amount \$25,000 will be used for the 1929 budget and the remaining \$23,000 to pay off an indebtedness of four years' accumulation.

R. E. Harding and John P. King are conducting the campaign as chairman and vice chairman respectively.

The industrial concern's letter reads: "In revising our files we are very desirous of as complete details as we can obtain on the different organizations to which we contribute and shall appreciate your supplying us with the following information: Who are the officers and directors of your organization? What is the primary motive of your work? Does your work reach the girl who is underprivileged or does it appeal primarily to the girl who is reasonably able to take care of herself? If your organization self-supporting to any degree? If so, what is the approximate amount of the income from efforts of the organization and what is the approximate amount of income from contributions from outside sources? What is the total amount of expense of the Y. W. C. A.; that is, what amount of overhead expense do you have before the money reaches the girl? What is the cost of membership in your organization? And what does this membership cover? Are there any other charges made members of the organization besides membership dues, and if so, what?"

Miss Batty Answers.

Answers to these questions were given by Miss E. Jean Batty, executive secretary of the Y. W. C. A., to the satisfaction of this company, where hundreds of girls are employed, as follows:

A list of officers and directors was furnished.

"The motive of Y. W. C. A. work is to stand for protection, health,

cal, social, intellectual and spiritual. It is constructive and preventive in character rather than reformatory. Its work is carried on in many lands and its membership includes all races, nationalities, creeds and classes."

To the question relating to underprivileged girls, the reply was: "Naturally it is the underprivileged girl, or the girl when in need of protection, employment, personal advice, supplementary education, physical exercise, recreation or friendship that appeals to the Y. W. C. A., and the majority of girls who come are of this type. It is often true, however, that the girl or woman not in need of material help is the most heart-hungry and needs the association most. The Y. W. C. A. exists for every woman who needs it, whatever her station.

Not Self-Supporting.

Regarding self-support the reply was: "The Y. W. C. A. is not self-supporting and unless the circumstances are very exceptional never can be self-supporting. For a large part of its service no charge is made. A residence accommodating several hundred girls can be made an income department. Other than this the only income is derived from memberships of \$1 a year and a class fee which can rarely be made to cover the cost of instruction, equipment and administration. If a cafeteria is conducted that is self-supporting.

"In Fort Worth the association has only space for eight or 10 girls, two in a room, and is not so located to make a cafeteria practical. Therefore its only internal income is from membership, small gymnasium fees, general education fees and the few transient rooms.

"Contributions from outside sources for the past three years have been negligible because of the failure of the Community Chest and therefore lack of proper lists, trained leadership and experience in fund raising. Because of the reduced budget the volume of work has had to be reduced instead of being able to take advantage of a normal growth in this city. This year we are making an effort to get back to normal and to this end are asking for \$48,000. Of this, \$23,000 will pay back indebtedness and \$25,000 be used for the 1929 budget."

Membership \$1 a Year.

About overhead expense "before the money reaches the girl" the association had this to say: "We consider every cent expended is in the interest of the purpose we are trying to accomplish, whether it goes for heat, light, insurance, equipment, service or other necessary purposes. A very careful annual budget is made by the finance committee and voted upon by the board of directors.

"For the past several years these budgets have not been raised in this city and the association has had to carry on with little money. The money is invested in service to girls as in the travelers' aid, finding employment, lower rates or often free shelter, affording them opportunities for development along many lines rather than by giving them money. While in many of these ways we do 'relief' work, our great effort is to save the girl from needing relief or to keep her from becoming 'out and down.'

"The membership fee in the Y. W. C. A. is \$1 a year and is a testimony of interest and desire to make the privileges of the association possible rather than compensation for those privileges. This fee is uniform throughout the United States and is made small so that no girl may be prohibited from becoming a member. The class and club fees are paid only by those taking advantage of classes or special clubs and room rent by those occupying the rooms. Other than this the girl who pays nothing or is not a member has advantage of every opportunity which the association offers."

The questionnaire answers concluded by thanking the company for its interest and by inviting any constructive suggestions as to how the Y. W. C. A. may serve it.

**INTERNATIONAL
'Y' PROGRAM
OUTLINE**

The international program of the Y. M. C. A., outlined at a conference of association recently in Stockholm and by the local Y. M. C. A. explained by S. Wirth Wiley, associate general secretary, at a dinner on Saturday night at a dinner attended by representatives and professional men and workers.

"The problems of all the world are changing and it is interesting to note how coming so acute," he stated the multiplied opportunities in all countries at the same time as increased work of the boy and younger is becoming more complex."

On Survey Trip

Wiley was accompanied by George L. G. Worth, chairman of the finance bureau, and Urban Dallas, state secretary of the division. He is chairman of the division of the association responsible for the development, processes and improvement of the work of recognized associations in the States. Wiley is touring the Southern States on a general "Y" situation.

"It is before the age of 25 that his life is shaped, his vocation and usually chosen and almost all his life habits are set by the time he is 30 and the great directions are set by the time we are declared."

Foresees Vocational

Wiley expressed the changing status of the vocational status of the young man today as it did in the past, and he advanced that changes equally as take place within the vocational status.

"The Y. M. C. A. has taken a census from 50 to 100 of the world, each representing boys, in an effort to get the universal attitude of organized religion and other things. The returns were so many that one would have thought from the same country."

The aim of the association is to adapt itself to the range of boyhood and manhood. He told of the first association by the Y. M. C. A. in London, 1844, pointing out the objectives of the organization are the same as we have today by the 20-year-old youth.

"The problems of the local association are only a part of those of the worldwide organization, and it is only for the men whose interests are centered in the advancement of the organization to 'put your shoulders to the wheel,'" he concluded.

Wiley commented on the completely equipped building of the local Y. M. C. A. and the efficient group of men in charge of the association. Lionel W. Bevan, chairman of the board of directors, presided.

**Fit--for the
Big Job--**

Business or professional success is the ambition of most men. Its requirements are great—it demands slavish devotion, testing the physical and mental vigor of its devotees.

Men pay its price, by close application to the job—under tense conditions and high pressure for long periods of time—in order to win.

But what does business success amount to—

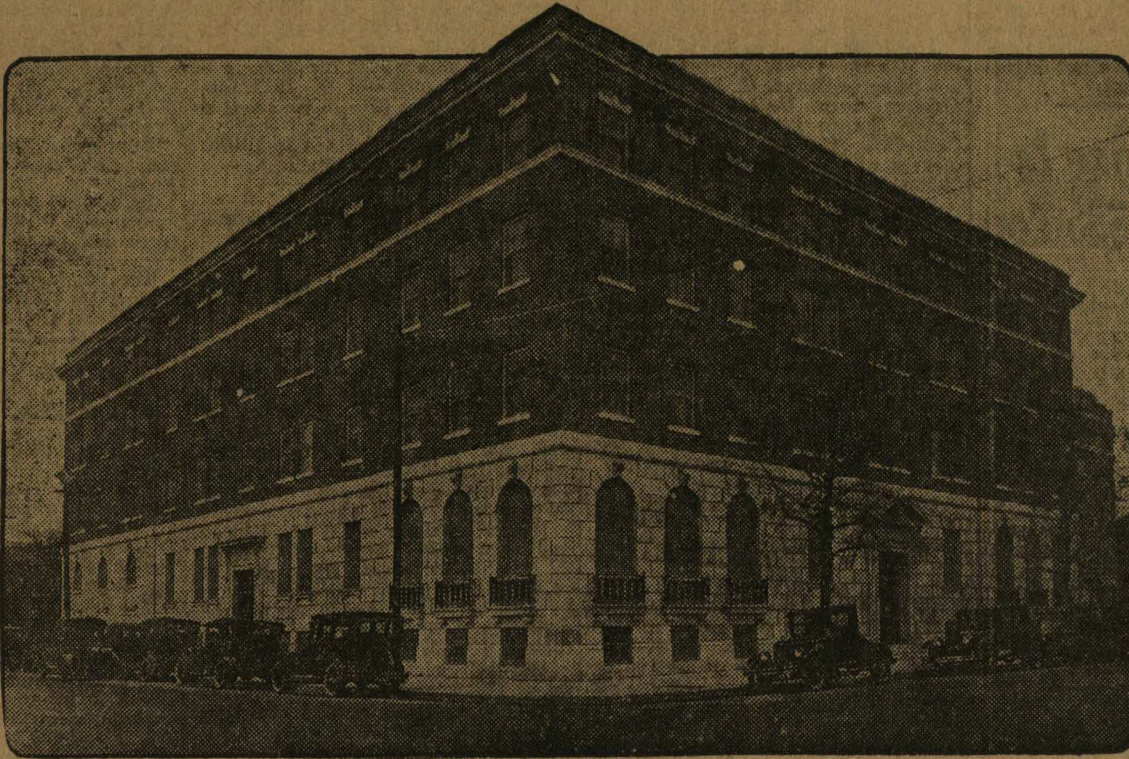

if you have made inroads into your health by giving lavishly of your physical vigor—thru lack of exercise and care of your body?

if you have thought, dreamed, talked of nothing but business to the exclusion of fellowship with great souls in other realms of life?

if you have striven to get until it hurts to give at all?

Learn to live while you're at it—
Work—Play—Love—Give—Seek
and find fellowship, health and inspiration with men of your own age at the "Y." You'll find a welcome.

Haskell Maize Is Sold at \$35 Ton

HASKELL, June 16.—Many farmers throughout Haskell County who were offered \$10 per ton for maize when it was headed last Fall are now selling the same maize for \$35 per ton at their barns and the buyers have to haul it.
Prospects for the coming maize crop are not bright, due to hot winds, sand and dry weather.
The wheat, oats and barley for which Haskell County is noted, has not materialized this year due to the drouth that held this section during the late Winter and Spring months. The greater portion of the land that was planted to small grain will be planted to cotton and feed crops.

28 'Rattlers' Are Killed on Farm

CHILDRESS, June 16.—Twenty-eight rattlesnakes have been killed within the last three weeks on a farm less than eight miles from Childress. The farm is that of W. H. Davis, county tax collector. J. M. Davis, his son, is the tenant.
The number of rattles on the snakes killed averaged from four to 10.

mittee that all store fronts be draped with flags or otherwise decorated for the convention. Most of the stores already are bedecked. Others are preparing window displays.

Many of the city's clubs and assembly halls are specially decorated. A number of stores and clubs are decorated inside as well as in front.

Depot Decorated.

The Texas and Pacific Railroad station and its tower, looming at the south end of Main Street, matches the Tarrant County Courthouse in decorative flags and the like for the first time in 24 years.

The "Court of Honor" effect on the streets is obtained by placing on street light standards brackets in which four flags, six by four feet in size, are fastened. Most of the flags will be the American, but about 50 Texas flags have been placed here and there. At night flags grouped around the street lights make a beautiful effect.

Cotton Picking Plans Are Begun

Plans for the opening of the cotton picking season in South Texas are being perfected, C. W. Woodman, director of the United States Farm Labor Bureau in Fort Worth, said Saturday. The first call for cotton pickers will be from the Rio Grande Valley, opening up by July 8.

Local offices have been installed to handle the increased demand for labor and Fort Worth will serve as a gateway to the cotton picking territory of the Southwest.

The greatest demand for laborers will be from Beeville to Robstown, in which section the picking season will open about July 15, Woodman said. The local labor situation, he said, will be bettered decidedly within a month and farm labor will be in demand interest of in excess as has been the case for the past two months.

SAN SABA, June 16.—Frank Edwards has received 1,400 head of sheep which he placed on the Edwards ranch in the southeastern part of the country.
J. H. Burke received from Goldthwaite 750 head of goats which were taken to the Burke ranch west of San Saba.

W. T. C. C.

Newspaper readers throughout the country will view the West Texas Chamber of Commerce through the eyes of William Hard, nationally known political observer and newspaper and magazine writer. He will be in Fort Worth for the three-day convention period.

Hard will come from Kansas City where he has been in attendance at the Republican National Convention. His convention articles have been featured by leading newspapers.

Beginning his journalistic career as an editorial writer on the Chicago Tribune in 1901, Hard has served as assistant to the commissioner of public works in Chicago, and since 1906 as a magazine contributor, writing especially for Everybody's, Metropolitan and the New Republic. He is devoting much of his time as Washington political correspondent, conducting the William Hard service for evening newspapers.

The Star-Telegram is one of the many dailies in which Hard's political stories are carried. In addition, he writes articles for weekly and monthly periodicals.

Hard is author of "The Woman of Tomorrow," published in 1911, and is co-author with Col. Raymond Robbins of "Raymond Robbins' Story of Bolshevist Russia," printed in 1919. His home is in Washington.

Marfa Ranchmen Buy Fine Sheep

Special to The Star-Telegram.

MARFA, June 16.—Lloyd Mitchell, Marfa ranchman, in company with County Agent R. S. Miller, has just returned from Ozona, Sonora, and the Sleiher County section where Mitchell, with the assistance of the county agent in the selection, made investments in sheep and goats. Mitchell bought of T. A. Kincaid and the Sonora Experiment Station 62 Rambouillet rams. From the Kincaid rams, 48 out of 800 were shipped by Kincaid to his Ozona ranch from a selection which he made from the famous Kimble flock of California.

Mitchell bought from Ed Willoughby of Sleiher County 1,056 yearling ewes and also 35 head of registered billies from Ward of Sonora. All of these he will place on his ranch near Marfa, which is already stocked with 1,000 head of sheep and 1,900 head of goats, around which he has just completed a 41-mile wolfproof fence. Ranchmen in this vicinity are very enthusiastic over the success they are having in the sheep and goat industries.

gained considerable fame as a writer of both fiction and special articles for national magazines, was the first publicity secretary and acting manager. Charles Brewington of Stamford was secretary and treasurer, and Homer D. Wade, present manager, was assistant secretary and treasurer.

In 1919 the directors held their annual meeting at Mineral Wells and elected H. P. Brelsford of Eastland president and Porter A. Whaley as manager. Whaley was then secretary of the Wichita Falls Chamber of Commerce.

In 1920 the annual meetin took the form of a general convention, held at Abilene. This convention had a three-day program, and laid the foundation for the annual gatherings, which now include women and girls, and many social and artistic features, as well as business and civic matters.

Ranger Entertains.

Ranger entertained the 1921 convention. At this meeting Clifford B. Jones of Spur was elected president, and during this year the intensive drive was started for the West Texas A. & M. College, which as the Texas Technological Institute was secured for Lubbock.

In 1922 the annual convention was held in Plainview and A. B. Spencer, then of Crosbyton, was elected president. At this meeting Wade was elected assistant to Whaley.

Spencer was re-elected at the 1923 convention, held in San Angelo. He is the only president, to date, to serve two terms.

Brownwood was host to the 1924 convention, and C. C. Walsh of San Angelo was elected president.

In 1925 the annual meeting was held at Mineral Wells, and R. Q. Lee of Cisco was elected president.

Convention in Amarillo.

The 1926 convention was held at Amarillo and Arthur P. Duggan of Littlefield was elected president. Whaley resigned as manager, and Wade was elected in his place.

In 1927 the convention was entertained by one of its "birthplace" cities—Wichita Falls. This year the other—Fort Worth—will welcome the organization with a "home coming" celebration fitting for its tenth birthday.

The West Texas Chamber of Commerce now owns its headquarters office at Stamford, one of the last acts of Whaley as manager being the completion of arrangements for the building, made possible by the co-operation of the business men of Stamford and the Swenson interests, with the organization.

In addition to headquarters office at Stamford the W. T. C. C. maintains an office in Fort Worth. Two new bureaus, organized during the past year, also have permanent offices. The oil and gas bureau has headquarters at Wichita Falls, with H. J. Adair, manager. W. B. Hamilton of Wichita Falls is chairman. The dairy and poultry bureau has offices at Stamford. B. M. Whiteker is manager, and R. L. Penick of Stamford is chairman.

Many Victories to Credit.

A history of the W. T. C. C. in anything like detail would fill many columns, for the organization has always been most fortunate in having on its board of directors men who were ready to give of their time and services most freely at any time when there was need. It has never been an

INTERNATIONAL 'Y' PROGRAM OUTLINED

The international program of the Y. M. C. A., outlined at a worldwide conference of association members recently in Stockholm and to be adopted by the local Y. M. C. A., was explained by S. Wirth Wiley, New York, associate general secretary of the national council of the association, Saturday night at a dinner in the "Y," attended by representative business and professional men and "Y" directors.

"The problems of all nations of the world are changing alike, and it is interesting to note how they are becoming so acute," he stated. "With the multiplied opportunities for diversion in all countries coming at the same time as increased leisure, the work of the boy and young man builder is becoming more and more complex."

On Survey Trip.

Wiley was accompanied to Fort Worth by George L. Goodwin, New York, chairman of the Y. M. C. A. finance bureau, and Urban Williams, Dallas, state secretary of the organization. He is chairman of the home division of the association, which is responsible for the development of new methods, processes and tools for improvement of the work of the 1,581 recognized associations in the United States. Wiley is touring the Western States on a general survey of the "Y" situation.

"It is before the youth reaches the age of 25 that his life habits are shaped, his vocation and life partner usually chosen and almost every great problem of early life met. Our work habits are set by the time we reach 30 and the great directions of life are set by the time we reach 25," he declared.

Foresees Vocational Change.

Wiley expressed the opinion that the vocational status of the world is changing today as it did in the primitive age, and he advanced the belief that changes equally as great would take place within the next two centuries.

"The Y. M. C. A. a few years ago took a census from 50 countries of the world, each represented by 50 boys, in an effort to get an idea of the universal attitude toward organized religion and other questions. The returns were so much alike that one would have thought they all came from the same country," he said.

The aim of the association, he continued, is to adapt itself to the whole range of boyhood and young manhood. He told of the organization of the first association by a clerk, 20 years old, in a London store, several years ago, pointing out the fact that the objectives of the organization today are the same as were established by the 20-year-old youth.

"The problems of the local association are only a part of those of the worldwide organization, and it is only for the men whose interests are centered in the advancement of the organization to 'put your shoulders to the wheel,'" he concluded.

Wiley commented on the completely equipped building of the local Y. M. C. A. and the efficient group of men in charge of the association. Lionel W. Bynan, chairman of the board of directors, presided.

Active in March

The monthly report of the boys' department of the Young Men's Christian Association shows that March was a busy period in the various lines of endeavor.

Employment was obtained for nine boys. Four of the older boys acted as volunteers in the physical department and 100 service tasks were performed through the boys' cabinet, headed by David Ashley.

The Fall and Winter program of the Y. M. C. A. for members of the boys' department will begin Sept. 24, with the opening of the school term, Claire G. Fairchild, boys' work director, said Saturday.

For convenience in running the schedule of gymnasium, swimming and club meetings the boys have been divided into the following groups: Preps, 10 and 11 years old; Pioneers, 12 and 13 years old; Intermediate Hi, 13 to 15 years old; Comrade Hi, 16 to 17 years old. In addition to these classes there is an employed boys' group which will meet during the Winter on Monday, Thursday and Saturday evenings. The Curtis Boys' Club will attend swimming classes each Saturday afternoon.

With all classes practically organized it is the plan of the division to begin other activities, formed around group interests, using the original division as the basis for grouping the clubs, radio workers' club, leathercraft group and nature study class, Fairchild said.

Several other activities will be incorporated into the regular program, most of which will be carried out in the building. All members will be required to take a physical examination soon after the Fall schedule begins.
