\_\_\_\_\_ through \_\_\_\_\_

Tarrant County Public Health
Division of Epidemiology and Health Information
INFLUENZA SURVEILLANCE WEEKLY REPORT FORM

I. ORGANIZATIONS (BUSINESSES & UNIVERSITIES/COLLEGES)

Name of Organization

Total Patients Seen

Table with 6 columns: Number of Patients with ILI\* (by age group), <=4, 5-24, 25-44, 45-64, >=65

\* Influenza-like illness (ILI). ILI is defined as fever >= 100°F PLUS a cough or sore throat, in the absence of a known cause other than influenza.

If your facility does perform flu tests, please complete the table below including zeroes. Leave blank or put N/A if your facility does NOT perform flu tests.

Table with 3 columns: Number of Flu Tests Performed, Number of Positive Flu Results (Type A, Type B, Pos, no type given)

INSTRUCTIONS - INFLUENZA SURVEILLANCE

- 1. All information requested is weekly, beginning Sunday and ending Saturday.
\* Please report ALL the Influenza-Like Illness (ILI) seen in your facility.
i. If your facility performs any influenza testing, include all positive and negative patients...
ii. If applicable, report the number of influenza tests performed...
2. Contact Tarrant County Public Health concerning any patient presenting with ILI AND recent travel history to avian influenza endemic areas (Asia, Africa or Eastern Europe).
3. Clinical specimens MUST be submitted to TCPH for any patient presenting with ILI AND recent travel history to avian influenza endemic areas (Asia Africa or Eastern Europe).
\* Notify TCPH public health personnel for clinical specimen pick-up and delivery...
4. Fax (817) 850-2366 or email (flu@tarrantcounty.com) the completed form by 5:00 PM, Monday of the following week.

If you have any questions regarding this form, please contact the Tarrant County Public Health, Epidemiology and Health Information Division (817) 321-5350.
