....., County Superintendent of ..... County, who

after being duly sworn deposes and says: I have carefully examined the consolidated rolls for ..... independent district and have checked from the rolls and the summaries thereof all names which for any reason should not appear on said rolls. I have instructed all census enumerators to require the enumeration cards to be signed in person by the parent, guardian, or person rendering the child; or in cases where such person could not write, to require such person to make his mark when the card was signed for him; I have in each case made inquiries as to whether these instructions have been carried out, and I believe that my instructions have been obeyed; I have prepared and am transmitting to you the consolidated rolls of said district, including in these rolls only names of children that should appear on said rolls, and I believe that the information given on these rolls, together with the information given in this summarized report is true and correct. I have filed with the county clerk of this county a copy of the consolidated rolls of this district, together with the summaries thereof.

I hand you herewith separate consolidated rolls for white and colored scholastics for the Brooklyn St. independent school district in Jasper County for the year 1922 and 1923. I give below the names of all enumerators employed by this district, also the number of children enumerated by each:

After carefully checking the enumeration cards and the consolidated rolls of this district, omitting from such rolls all names which should not appear on the rolls. I find the following to be a correct summarized report by ages and sexes of the number of children that should appear on said rolls:

....., County Superintendent of ..... County, who

after being duly sworn deposes and says: I have carefully examined the consolidated rolls for ..... independent district and have checked from the rolls and the summaries thereof all names which for any reason should not appear on said rolls. I have instructed all census enumerators to require the enumeration cards to be signed in person by the parent, guardian, or person rendering the child; or in cases where such person could not write, to require such person to make his mark when the card was signed for him; I have in each case made inquiries as to whether these instructions have been carried out, and I believe that my instructions have been obeyed; I have prepared and am transmitting to you the consolidated rolls of said district, including in these rolls only names of children that should appear on said rolls, and I believe that the information given on these rolls, together with the information given in this summarized report is true and correct. I have filed with the county clerk of this county a copy of the consolidated rolls of this district, together with the summaries thereof.

Austin, Texas.

Dear Madam:
I hand you herewith separate consolidated rolls for white and colored scholastics for the Everman ...

After carefully checking the enumeration cards and the consolidated rolls of this district, omitting from such rolls all names which should not appear on the rolls. I find the following to be a correct summarized report by ages and sexes of the number of children that should appear on said rolls:

OATH OF COUNTY SUPERINTENDENT.

On this ... day of ..., 192..., before me personally appeared ..., County Superintendent of ... County, who after being duly sworn deposes and says. I have carefully examined the consolidated rolls for ... independent district and have checked from the rolls and the summaries thereof all names which for any reason should not appear on said rolls I have instructed all census enumerators to require the enumeration cards to be signed in person by the parent, guardian, or person rendering the child; or in cases where such person could not write, to require such person to make his mark when the card was signed for him; I have in each case made inquiries as to whether these instructions have been carried out, and I believe that my instructions have been obeyed; I have prepared and am transmitting to you the consolidated rolls of said district, including in these rolls only names of children that should appear on said rolls, and I believe that the information given on these rolls, together with the information given in this summarized report is true and correct. I have filed with the county clerk of this county a copy of the consolidated rolls of this district, together with the summaries thereof.

...

County Supt. of ... Co.

Subscribed and sworn to before me this the ... day of ..., 192...

Dear Madam:
I hand you herewith separate consolidated rolls for white and colored scholastics for the Mansfield independent school district in Tarrant County for the year 1922 and 1923. I give below the names of all enumerators employed by this district, also the number of children enumerated by each:

After carefully checking the enumeration cards and the consolidated rolls of this district, omitting from such rolls all names which should not appear on the rolls. I find the following to be a correct summarized report by ages and sexes of the number of children that should appear on said rolls:

....., County Superintendent of.....County, who after being duly sworn deposes and says: I have carefully examined the consolidated rolls for..... .....independent district and have checked from the rolls and the summaries thereof all names which for any reason should not appear on said rolls. I have instructed all census enumerators to require the enumeration cards to be signed in person by the parent, guardian, or person rendering the child; or in cases where such person could not write, to require such person to make his mark when the card was signed for him; I have in each case made inquiries as to whether these instructions have been carried out, and I believe that my instructions have been obeyed; I have prepared and am transmitting to you the consolidated rolls of said district, including in these rolls only names of children that should appear on said rolls, and I believe that the information given on these rolls, together with the information given in this summarized report is true and correct. I hand you herewith separate consolidated rolls for white and colored scholastics for the Masonic Home independent school district in Tarrant County for the year 1922 and 1923. I give below the names of all enumerators employed by this district, also the number of children enumerated by each:

After carefully checking the enumeration cards and the consolidated rolls of this district, omitting from such rolls all names which should not appear on the rolls. I find the following to be a correct summarized report by ages and sexes of the number of children that should appear on said rolls:

On this ..... day of ....., 192....., before me personally appeared

....., County Superintendent of ..... County, who after being duly sworn deposes and says. I have carefully examined the consolidated rolls for ..... independent district and have checked from the rolls and the summaries thereof all names which for any reason should not appear on said rolls. I have instructed all census enumerators to require the enumeration cards to be signed in person by the parent, guardian, or person rendering the child; or in cases where such person could not write, to require such person to make his mark when the card was signed for him; I have in each case made inquiries as to whether these instructions have been carried out, and I believe that my instructions have been obeyed; I have prepared and am transmitting to you the consolidated rolls of said district, including in these rolls only names of children that should appear on said rolls, and I believe that the information given on these rolls, together with the information given in this summarized report is true and correct. I have filed with the county clerk of this county a copy of the consolidated rolls of this district, together with the summaries thereof.

after being duly sworn deposes and says. I have carefully examined the consolidated rolls for.....independent district and have checked from the rolls and the summaries thereof all names which for any reason should not appear on said rolls. I have instructed all census enumerators to require the enumeration cards to be signed in person by the parent, guardian, or person rendering the child; or in cases where such person could not write, to require such person to make his mark when the card was signed for him; I have in each case made inquiries as to whether these instructions have been carried out, and I believe that my instructions have been obeyed, I have prepared and am transmitting to you the consolidated rolls of said district, including in these rolls only names of children that should appear on said rolls, and I believe that the information given on these rolls, together with the information given in this summarized report is true and correct. I have filed with the county clerk of this county a copy of the consolidated rolls of this district, together with the summaries thereof.
