There is some six or seven  
thousand Soldiers in this Picture.  
it took us 40 minutes to get into  
Position. this Picture has been  
Published all over the world in  
all the leading news papers.  
it is known as the "Famous  
2nd. Division" U. S. Army. and  
i am mighty Proud to belong to  
such a organization. right in the  
Point of the Shield is our Comd'g  
officer General Malone, we are formed  
in the shape of the Division insignia.  
which we wear on the shoulder of  
our Coats. that's supposed to be a  
Indian Head in the Center of it's Star.  
how do you like it?
